

Discovery Middle School TSA Application

2022-2023 Competition Year

****Please submit paper applications to Mrs. Haynes or email them to her at ahhaynes@madisoncity.k12.al.us All applications are due 1/10/2023.**

Memorandum of Understanding

Safety Regulations

- All students agree to use caution when handling equipment as well as when testing designs. Any willful misuse of equipment is grounds for immediate dismissal from the team.

Students

- I understand that there are several competition spots available, and that spots will be decided by the Coach on student merit, autonomy, leadership, and effort.
- I understand that I should attempt to make all practices possible. Practices will be held Monday through Thursday after school until 4:00 starting 1/9/2023-2/16/2023. Students may have to participate in other clubs/teams on some days, but when they are available, they should come to TSA meetings/practices.
- I understand that I am expected to attend parliamentary official DMS TSA meetings as well as after school practices to participate in competition.
- I understand that I will be representing DMS at all practices, events, and meetings, and as such, I should demonstrate great leadership, courteousness, and behavior.

Parents

- I understand that there will be a \$25 club fee to cover competition entry fees, competition materials, and a T-shirt for the local Madison City competition.
- I understand that in the event we go beyond the local Madison City competition (i.e. State or Nationals) the cost of the team sponsor's travel will be the responsibility of the parents of the competing students, and additional fees will be assessed to cover those expenses.
- I will do my best to pick up my child at the assigned times.
- I understand that our local competition hosted by Madison City will be located at Liberty Middle School on February 16th beginning around 1:00 PM. Depending on participation at DMS, students may be required to obtain transportation from DMS to LMS on that ½ day.

TSA Details

-Technology Student Association (TSA) is a nationally recognized Career and Technical Education Organization, as part of our accreditation at DMS, we are required to have participation in this organization. This year is the first year that Discovery Middle School will have this club. For further information about the club format, please see the [TSA DMS Bylaws](#).

- We will try to meet as frequently as possible leading up to the local event. This is a great way to kick off this very diverse and competitive club!

Student Signature _____

Parent Signature _____

TSA Application

Name _____ Grade 2022-2023 School Year _____

Other extra-curricular activities

Please Circle all items worked with or have experience with:

Design Drawing Engineering Design Process Simple Motors and Gears Cooperative Group Work
Troubleshooting Electrical Circuitry Fundraising Activities Public Speaking

Please Circle all related courses you have already taken:

STEM Robotics Medical Detectives Design & Modeling Scholars Bowl Greenpower Innovative Explorations
