Textbook Information

The Visual Experience (Third Edition), Davis Publication

Course Description

The purpose of this nine-week course is to build on students' prior knowledge gained in Introduction to Visual Arts. The goal of this course is to develop technical art skills and further their knowledge of art criticism and art history. Students will use multiple types of two-dimensional art media, like drawing and painting, as they explore their personal creative style.

Course Objectives

- Develop technical art skills while utilizing a variety of traditional art media and techniques.
- Produce art that demonstrates an understanding of the elements of art.
- Apply appropriate vocabulary in discussing a work of art.
- Discuss ways in which the subject matter of other disciplines connect with visual arts.
- Analyze historical and cultural influences on works of art.
- Demonstrate proper care and clean up of art materials and tools.
- Evaluate strengths and weaknesses of a personal portfolio or other works of art.

Electronic Communication Device Policy	Wireless Communication Devices A. Definitions 1. Instructional Day – • When school is open and in session; • During class time, lunch, transitions between classes, and any non-instructional periods; • Any time that students are required to store their Wireless Communication Devices under the Student Code of Conduct, or other school rules; or • Any other time, students are instructed to store their devices by school staff. 2. Wireless Communication Devices – Any portable electronic device that has the capability of exchanging voice, messaging, or other data communication with another electronic device, including, without limitation: • cellular telephones • tablet computers

- laptop computers
- pagers
- gaming devices
- smart watches
- earphones or headphones (Air Pods, ear buds, over the ear headphones, etc., whether wireless or not)

B. Possession of Wireless Communication Devices – Students are prohibited from bringing Wireless Communication Devices into school buildings and onto school grounds, except in compliance with this policy. The Board is not responsible for the theft, loss, or damage to any Wireless Communication Device brought onto campus by a student.

C. Storage of Devices– At all times during the Instructional Day, students who possess a Wireless Communication Device on any campus or in any school must turn the device off and store the Wireless Communication Device off their person in a locker, car, backpack, purse, gym bag, or other storage location approved by school administrators. This storage requirement is subject to the exceptions set out in subsection D below.

D. Prohibition on Use; Exceptions – Students are prohibited from using, operating, or possessing a Wireless Communication Device during the Instructional Day, except under the following limited circumstances:

- The use, operation, and/or possession of the device is specifically included in the student’s Individualized Education Plan (IEP), 504 Plan, or an Individualized Health Plan;
- The use, operation, and/or possession of the device is for educational or learning purposes under the supervision of school personnel; and
- The use, operation, and/or possession occur during an emergency threatening the life or safety of the student or another person.

The Superintendent or designee is authorized to develop additional guidelines for implementation of these exceptions.

E. Searches – School officials may read, examine, or inspect the contents of any wireless communication device upon reasonable suspicion that the device contains evidence of a violation of Board policy, the Code of Conduct, or other school rules, provided that the nature and extent of such reading, examination, and inspection shall be reasonably related and limited to the suspected violation.

F. Disciplinary Action – Any violations of this policy may result in disciplinary action under the Student Code of Conduct.

G. Additional Procedures Authorized – The Superintendent or designee is authorized to develop any additional rules necessary to carry out this policy.

Grading Policy
(MCS Policy)

Middle School
60% = Assessments (Tests, Essays, Projects)

	40% = Daily Grades (Quizzes, Homework, Classwork, and Participation)
Late Work Procedures	Students present in class on the day of instruction are expected to turn in all in-class and out-of-class assignments on time. Incomplete projects turned in on the due date will be graded as is upon submission. A zero will be recorded in PowerSchool for all missing assignments. Late assignments will be accepted but will incur penalties as follows: • Work submitted less than 1 week past due: minus 10%. • Work submitted 1 to 2 weeks past due: minus 20%. • Work submitted more than 2 weeks past due will receive a zero. Late work may NOT be submitted after the grading period ends. A zero will show in PowerSchool until the late submission has been graded. Late assignments may be updated up to seven days after submission and will be processed in the order they are received. Work submitted without a name will be placed in the no-name bin. If it is not claimed by the end of the class block the following day, it will be considered missing and will follow the late work policy outlined above.
Make-up Work/Test Policy (MCS Policy)	Students are permitted to make up work, tests, and other assignments, activities, etc., when absences are excused. Under normal circumstances, it is expected that students will submit previously assigned work upon return to school after an excused absence. All work missed on the day(s) of excused absence(s) must be made up within three school days after returning to school. However, for extended excused absences when homebound services are not necessary, the teacher may grant additional time, but not to extend beyond two weeks past the return to school. It is the joint responsibility of student and parent to ensure a student makes up work following excused absences. Teachers may alter assignments, tests, work, activities, etc., as necessary to ensure an accurate evaluation of the student's performance after an excused absence. Students will not receive credit for and will not be allowed to make up any assignments, tests, work, activities, etc., missed during unexcused absences. <u>Madison City Code of Conduct</u>
Technology	Student laptops should not be hard-wired to the network or have print capabilities. Discs, flash drives, jump drives, or other USB devices are not

	allowed on Madison City computers. Neither the teacher nor the school is responsible for broken, stolen, or lost laptops. Laptops and other electronic devices will be used at the teacher's individual discretion.
Cheating/Plagiarism	A student who cheats will not receive credit for the work in question. If any other student has cooperated in cheating, that student is also considered to have cheated and will not receive credit. Cheating students will also be subject to disciplinary consequences in Section XXII of this CSC. Cheating is defined to include, but is not limited to: (a) copying someone else's work in or out of class and identifying and submitting it as your own (b) failing to quote and/or list appropriate citations for material derived from published sources (including the Internet) and identifying and submitting it as your own (c) the use of unauthorized notes, other materials, or assistance during the accomplishment of graded work in or out of class (d) any other situation in which the student attempts to or accepts credit for work not his or her own.
Artificial Intelligence Acceptable Use Policy <i>(MCS Policy)</i>	Madison City Schools acknowledges that technology is ever-changing and has a tremendous impact on our global society, local community, and classrooms. Artificial intelligence (AI), including generative forms of AI, is becoming more a part of our everyday lives. It is our responsibility to educate and train students to utilize AI in an ethical and educational way. Therefore, Madison City Schools is not banning the student or teacher use of AI, but each student will need to be aware of the limitations and guidelines of its usage: a. Madison City Schools student email accounts and Chromebook access to specific open AI software, such as ChatGPT, are blocked due to data and security concerns. b. Any misuse of AI tools and applications, such as hacking or altering data, is strictly prohibited. c. Teachers may allow the use of AI for curriculum purposes. Access to specific websites will be granted on an as-needed basis, adhering to specific data and privacy guidelines regarding age restrictions and usage. d. College Board and Dual Enrollment college and university classes may have additional restrictions and limitations regarding the use of Artificial Intelligence.

	e. Students who use AI software with a personal device and/or personal credentials should do so at their own risk, acknowledging that each platform is collecting various forms of data. f. Students must acknowledge the use of AI in any capacity related to their schoolwork, including text, images, multimedia, etc. The use of AI could be subject to the Academic Dishonesty Policy. h. Students should acknowledge that AI is not always factually accurate, nor seen as a credible source, and should be able to provide evidence to support its claims.
