Make-up Work Policy:

It is the responsibility of the student to communicate with the teacher to see what was missed. Grades are updated weekly in PowerSchool, and any missing assignments will be a 0 until they are made up. It is the responsibility of the student to monitor their PowerSchool to see what grades they are missing due to any absences. Students will receive credit for work that is made up after being absent. Most assignments will be posted on Schoology, so always check there first. Makeup tests and quizzes will be taken during Refuel. If a student misses the day of review before a test, they will not be required to take that test on the day of their return. However, if they miss a single day that was not a review day, they will be expected to test at the normal date. Cases where multiple days of instruction are missed will be handled on a case-by-case basis. Late and make-up work is graded every Thursday.
