

BJHS S2S

Who are we?

Student 2 Student is a “student-led, adult guided” organization created by the Military Child Education Coalition (MCEC) that joins military-connected and civilian kids together to help new students transition in and out of schools using our six core values: Academics, Service, Finding the Way, Relationships, 100% Acceptance, and Leadership. Each is demonstrated everyday through everything we do to help better the community and school environment around us.

What do we do?

Our mission is to make being a new student a positive experience. Aside from giving tours to new students, we host mixers/parties to build relationships, we indulge in service projects such as writing letters to veterans and volunteering around the city, and we are currently working on creating a tutoring service open to the entire student body.

Can anyone join us?

We are open to anyone who wants to join! The requirements are as listed below:

- *At least a 2.5 GPA*
- **NO** major disciplinary actions during the school year
- Good attendance
- Enjoyment of Food, Fun, and Facts
- Good communication skills/outgoing personality
- Year long commitment to this program
- Positively represent BJHS at all times

Not outgoing or don't have good communication skills? Not a problem! We will train you to be able to do so with ease!
