### Math: Big Ideas Chapter 9

#### Big Ideas Chapter 9

The students will:

- Name the number 20 and write the number 20.
- Count one object for each number to 20.
- Tell the number of objects in a group.
- Draw a given number of objects.

### Important Information

Please work on the materials in the Practice Folder daily. Reading the passages and reviewing the sight words each week is great practice to help your child become a better reader.

We will begin assessing for the 3rd 9 Weeks report card. Please work on the addition and subtraction math facts and sight words. A great way to practice these skills is by using flashcards with your child each day until they are fluent.
