Continue to ensure your child gets 10-12 hours of sleep, even during the holidays.

Reading: Wonders Unit 4 Week 1

Phonological Awareness Skill: identifying the beginning sound in words

Phonics: identifying the letter Oo; producing and applying the short /o/ sound as in the word hot.

Sight Word: from, you

Vocabulary Words: equipment, uniform, expect, remained, utensils

Comprehension: ask and answer questions; key details

Math: Big Ideas Chapter 6 - Add Numbers Within 10

This week, we will continue our addition unit. Students will use counters and/or pictures to solve addition problems. We will also write addition sentences and show partner numbers to make ten. The addition unit in the Big Ideas curriculum is challenging for most students. We are slowing down to spend more time making sure the students understand the concept of addition and that they are not just writing numbers in the blanks.

Important Information

Please spend time working with your child on letter naming, phoneme segmentation, reading CVC words, and the Fry sight words each day. The weekly practice sheets are a wonderful resource for you to use with your child. When reading skills are practiced daily your child will become a better reader. We work on all of these skills daily in class and appreciate your additional support at home to help your child.
