### Math: Big Ideas Chapter 7

Students will:

- Subtract a group of objects and tell how many are left.
- Tell what a minus sign means.
- Explain a subtraction sentence.
- Take apart a group of objects to tell the partner numbers.
- Subtract within 5.
- Use related facts to add or subtract within 5.

### Important Information

The 3rd Nine Weeks of school is a crucial time for learning our Kindergarten Power Standards. It is important for your child to be at school well rested and ready to learn. During 3rd Nine Weeks, there is an increased amount of application of skills learned during first semester. I want to stress to you the importance of this time of the school year. We've grown so much since August and I look forward to the growth I expect to see through May.
