

# Kindergarten Weekly Newsletter

## Week of March 24-28, 2025

### Upcoming Events

**April 10:** Kindergarten Field Trip to Early Works

**April 11:** Purple Up Day! Wear purple

**April 23:** Progress Reports go home

**April 25:** Returned signed Progress Reports

### March Challenge:

For the month of March please eat meals as a family. During this time, there should be no phones, TV, or technology. The focus should be on conversation skills.

### Reading:

Phonological Awareness Skill: blending and segmenting sounds in words

Phonics: review short vowels o and e and using -ck to spell the final /k/ sound in words

Sight Words: all, good, say, my, and by

Vocabulary Words: chores, board, wait, equal, chance, moved, switch, follow

Comprehension: Identify common types of texts and their features, including literary, informational, fairy tale, and poetry.

### Big Ideas Chapter 11

During math the next two weeks, we will focus on 2D shapes. The students will learn how to identify: circle, square, rectangle, triangle, and hexagon. We will also learn how to compare shapes.

If your child does not know the 42 math facts yet, it is very important that you keep practicing the addition and subtraction flashcards at home. Thank you for your support!

### Important Information

Please focus on the Power Standards your child needs continued support to master. Continued daily practice of sight words, reading words/sentences/passages, and math facts will help your child be successful at mastering these standards. As mentioned at Parent Night, at this point in the school year, all Power Standards have already been taught extensively during classroom instruction. We will continue to review these standards, however, if your child has a 1 or a 2 on these standards they **really** need your extra help at home. Thank you for your support at home!
