We spent the 1st Nine weeks learning all about 0-10. Your child should be able to write these numbers, draw a picture to represent these amounts, and be able to compare it to other numbers. Try saying any number 0-10 to your child and have him/her write the numeral and draw counters to represent how many.

Important Information

It is hard to believe a fourth of our school year is already over! Report Card assessments were completed before Fall Break. Report Cards will go home in Report of Learning Folders on Wednesday, October 14th. These will need to be signed and returned to school within two days. Even if you do not have a home scanner/copier, you can snap a picture of the report with your phone.
