## Math

Rote Counting: 1-50 We will begin working on counting, reading, writing, and representing teen numbers (11-20).

## The Leader in Me

What is a Leader?

Everyone can be a leader. Leaders take care of themselves and help others. Ask your child, "How are you a leader?"

## Important Information

The students have come a long way since the first day and we are proud of their growth. Now that we are in the 2nd Nine Weeks, we will be heavy into our content standards and working diligently to make sure we all learn everything we need to be prepared for first grade. Now that the students know our classroom rules and procedures, we will be tightening up on tickets as our expectations for the students increase. During the first nine weeks, students were given multiple warnings before being told to pull a ticket. However, since we are in the 2nd Nine Weeks, the warnings will decrease. We will still give a warning, but after that it will be a ticket. We know this will be a great benefit for our classroom learning environment. We have multiple standards and skills to learn this school year and we do not want behavior choices to impede your child's learning or the learning of others. Thank you for your support at home, it really makes a big difference!
