- 10/27: Trail of Treats at 6:00
- 11/10: No School in honor of Veterans Day

October Challenge

Let your child be creative using paper, crayons, markers, scissors, and glue at least once a week.

“Creativity is intelligence having fun.”

~Albert Einstein

Reading:

Phonological Awareness Skill: syllable blending

Phonics: introduction of consonant s and short vowel i

Sight Words: come, said, saw

Vocabulary Words: dump truck, luck, miss, puff, pulling, shopping cart, surprise, yesterday

Comprehension: summarizing and main idea & details

Math: Big Ideas Chapter 5

This week we will be learning how to do Math Stations. Math Station time is their independent practice of skills taught during whole group. It is also when we differentiate instruction based on skills and needs of students. This week, we will practice one-to-one correspondence, as well as the routines and procedures for Math Stations.

Important Information

We will begin our science unit on Balls and Ramps. To kick off this exciting unit of study, each student is encouraged to bring their favorite ball to school Monday, October 23rd. We will be playing with our balls on Monday. We will share our favorite ball with our classmates and explore their similarities and differences! Please label your ball with their name and send it to school inside their backpack on Monday morning.

*****Balls must be able to fit inside your child's backpack.*****
