Math:

This week in math we will be reviewing composing and decomposing teen numbers. The students will represent and describe teen numbers as $10 +$ a number.

We will also be introducing missing addend word problems. For example, I had 5 vegetables in my refrigerator. 2 were tomatoes, and the rest were cucumbers. How many cucumbers did I have?

Please use the math facts handout to create your 42 math fact flashcards. Please begin practicing with these flashcards regularly at home.

Important Information

Thank you in advance for the time you put into working with your child on the standards that have been taught so far this year. Giving a few minutes daily will make a world of difference with Fry Sight Words, reading CVC words, reading emergent text and writing CVC words. Progress Reports will go home on Monday, February 13th. Please return the Report of Learning Folder with signed Progress Report by Wednesday, February 15th. Thank you!
