**Policy 1.03: Preface and Definitions**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

## **Preface**

The City of Madison Board of Education is established under authority of state law for the purpose of exercising general supervision and administration of the public schools serving school age children who are eligible to attend Madison City Schools. Those responsibilities are met, in part, by the adoption and implementation of formal policies by which the principles that guide decision making are established.

Policies are generally broad statements of principle and purpose, and are intended to serve as a framework for decision making and administrative action rather than as a manual for day-to-day decision making and action. Policies can nevertheless establish specific substantive standards and requirements, including standards of personal and professional conduct, the violation of which may result in disciplinary sanctions or other adverse consequences. However, policies do not restrict the ability of the Board or its employees to respond reasonably and flexibly to unexpected contingencies, emergencies, and other conditions that call for a response that is tailored to unique or special circumstances.

Policies should be construed as a whole and with reference to related policies and applicable law. Although policies are adopted partly for the purpose of meeting the requirements of pertinent law, they do not establish or create a legal right, claim, entitlement, or interest to or in any title, position, assignment, duty, work location, level or rate of compensation, benefit, or term of employment.

Any provision, feature, or aspect of Board policy that does not conform to governing law should be deemed void and superseded by such law. Editorial changes that do not affect the meaning, substance, or application of a policy may be made by the Board without advance public notice and comment. In general, the Board reserves the right to adopt, revise, interpret, amend, repeal, suspend, or apply policies according to its assessment of the needs and interests of the school system, subject only to such limitations on the exercise of such prerogatives as may be imposed by law.

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 05/18/2020 | **Last Reviewed Date:** 05/18/2020

Preparation, presentation, submission, and approval of the budget will be undertaken and completed as provided for in state law and regulations. Budgets will be “balanced” such that the expenditures set forth in the budget for the fiscal year will not exceed revenues and any cash balance requirements set forth by law. Budget amendments will be prepared in accordance with instructions from the Alabama State Dept of Education for approval by the Board.

The Superintendent or CSFO will inform the Board, before the Board votes on a budget or budget amendment, if the approval of the budget or budget amendment will prevent the establishment or maintenance of a one-month's operating balance reserve fund equal to one-twelfth of the general fund expenditures and outgoing transfers for the proposed budget or amendment.

The Board's goal is to maintain a one and one-half months (i.e., 45 days) operating balance reserve fund equal to one and one-half twelfths of the general fund expenditures and outgoing transfers in the current Board-approved budget. However, that goal is not intended to supplant the reserve fund balance requirements

**Policy 3.05: Fund Balance Policy in Accordance with GASB Statement No. 54**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 10/21/2014 | **Last Reviewed Date:** 10/21/2014

**3.05.1 Governmental Funds Definitions** – The following definitions will be used in reporting activity in governmental funds. The Board may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

- a. The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.
- b. Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.
- c. Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest, even if it is being accumulated for future years' payments. Debt Service Funds should be used to report resources if legally mandated.
- d. Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

**3.05.2 Fund Balances** – Fund balances will be reported in governmental funds under the following five categories using the definitions provided by GASB Statement No. 54:

- a. Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained in-tact. Examples of nonspendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, and long-term receivables.
- b. Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation. Examples of restricted fund balances include: restricted grants.
- c. Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action of the Board before the end of the fiscal year and that require the same level of formal action to remove the constraint.
- d. Assigned fund balances consist of amounts that are intended to be used by the school system for specific purposes. The Board authorizes the Superintendent or Chief School Financial Officer to make a determination of the assigned amounts of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- e. Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the general fund is available to finance operating expenditures.

**3.05.3 Priority** – When expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the Board to consider restricted amounts to have been reduced first. When an expenditure is incurred for the purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the Board that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.

**3.05.4 Review and Reporting** – The Board of Education along with the Superintendent and Chief School Financial Officer will periodically review all restricted, committed, and assigned fund balances. The Chief School Financial Officer will prepare and submit an annual report of all restricted, committed and assigned funds for the Board of Education.

**Policy 3.10: OMB Part 200**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 06/06/2019 | **Last Reviewed Date:** 06/06/2019

Federal funds subject to the requirements of the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles and Audit Requirements—Part 200 ("Part 200") will be subject to the following policies:

- A. Cash Management for Federal Funds - The Board will minimize the time between the receipt of federal funds from the United States Treasury, the Alabama Department of Education, or other pass-through entity, and the disbursement of those federal funds. Federal funds will only be requested to meet immediate cash needs for reimbursement not covered by prior receipts and anticipated disbursements that are generally fixed, such as monthly program salaries and benefits.

The Chief School Financial Officer will maintain financial records that account for the receipt, obligation, and expenditure of each federal program fund. Cash balances for each federal program fund and for the aggregate of all federal program funds will be monitored by the Chief School Financial Officer or designee.

Board procedures to minimize the cash balances in federal program funds are expected to prevent the aggregate cash balances of federal program funds from earning \$500 or more for the fiscal year if maintained in interest-bearing accounts. The federal program funds, with the exception of Child Nutrition Program funds, will not be maintained in an interest-bearing bank account if the Chief Financial Officer determines that banking requirements for minimum or average balances are so high that an interest-bearing account would not be feasible. Federal program funds will be maintained in insured checking accounts that are subject to the state requirements for public deposits under the SAFE program.

B. Determination of Allowable Costs -

1. Before instituting a financial transaction that will require the expenditure of federal funds the federal program director and the Chief School Financial Officer or designee will determine that the proposed transaction meets the requirements for allowable costs for the federal program. Actions to determine allowable costs will assure that:
  - a. The proposed expenditure is included in the federal program budget;
  - b. The proposed expenditure is reasonable and necessary for the federal program;
  - c. The proposed expenditure is consistent with procedures for financial transactions of the board including:
    1. Purchase order approval procedures;
    2. Contract review and approval procedures;
    3. Applicable competitive purchasing procedures; and
    4. Documentation supports allowability of transaction.
2. Before payments are made from federal funds the federal program director and the Chief School Financial Officer or designee will determine that the federal program expenditure complies with generally accepted accounting principles and complies with state, local, and federal laws, rules and regulations.

- C. Travel Policy - Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by board employee who are in travel status on official business of the board. The board's travel policy provides for reimbursement and payments for travel costs of employees paid from federal funds that is consistent with the travel costs for board employees paid from state or local funds.

- D. Conflict of Interest Policy - Generally, a conflict of interest exists when a board member, board employee, or agent of the board participates in a matter that is likely to have a direct effect on his or her personal and financial interests. A financial interest may include, but not limited to, stock ownership, partnership, trustee

relationship, employment, potential employment, or a business relationship with an applicant, vendor, or entity. A board member, board employee, or agent of the board may not participate in his or her official capacity in a matter that is likely to have a direct and predictable effect on his or her financial interests.

A board member, board employee, or agent of the board will abide by the federal and state laws and regulations that address conflict of interest standards. In general, the federal rules provide that:

No employee, officer, or agent of the board shall participate in selection, or in the award or administration of a contract supported by federal funds if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs, or is about to employ any of the parties indicated herein, has a financial or other interest in a tangible personal benefit from the firm considered for a contract. The board's officers, employees, or agents will neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontractors.

The board's conflict of interest policies include adherence to the Alabama Ethics Law, as it may be amended from time to time, which defines conflict of interest as:

A conflict on the part of a public official or public employee between his or her private interests and the official responsibilities inherent in an office of public trust. A conflict of interest involves any action, inaction, or decision by a public official or public employee in the discharge of his or her official duties which would materially affect his or her financial interest or those of his or her family members or any business with which the person is associated in a manner different from the manner it affects the other members of the class to which he or she belongs.

A board member, board employee, or agent of the board may not review applications, proposals, or participate in the evaluation or selection process where his or her participation in the review process would create the appearance that he or she is: (a) giving preferential treatment; (b) losing independence and impartiality; (c) making decisions outside official and appropriate channels; or (d) harming the public's confidence in the integrity of the board.

Situations and circumstances presenting an actual conflict of interest or the appearance of a conflict of interest should be brought to the immediate attention of the Superintendent. A board employee, board members, or agent of the board who has knowledge of a possible conflict of interest should identify the conflict and notify the Superintendent. The Superintendent will document his or her actions related to the reported conflict of interest. Resolution can consist of disqualification, recusal, waiver, or other appropriate measures. Appropriate measures may include reporting a conflict of interest to the State Ethics Commission, the Alabama State Department of Education, or the appropriate federal agency.

Procurement Policy – The board will follow state laws for the procurement of property and services. The primary state procurement laws for Alabama school boards are: Alabama Competitive Bid Laws (Chapter 13B of Title 16, Code of Alabama 1975); Joint Information Technology Purchasing Agreement (Chapter 13B of Title 16, Code of Alabama 1975); and Public Works Law (Title 39, Code of Alabama 1975).

To the extent allowed by state laws, the board will utilize state, local, regional, and national purchasing agreements where appropriate for the procurement or use of goods and services. All procurement transactions are subject to the board's Conflict of Interest Policy and the procurement decisions of the board will:

1. Avoid acquisition of unnecessary or duplicative goods and services;
2. Use the most economical and efficient approach for acquisitions;
3. Award acquisitions contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement;
4. Consider contractor integrity, compliance with public policy, record of past performance, and financial and technical resources prior to awarding procurement contracts;
5. Maintain records sufficient to document the history of the procurement; and,
6. Conduct procurement transactions in a manner that provides full and open competition.

Procurement transactions for federal programs and child nutrition programs that are not subject to the state procurement laws, but exceed the aggregate amount of the federal micro-purchase threshold, will be obtained by utilizing price or rate quotes from two or more qualified sources. State procurement laws include requirements that comply with the other Uniform Administrative Requirements for procurement of property and services.

The board will request proposals for those professional service contracts (excluding architectural and engineering services) that are exempt under state procurement laws if the contracts exceed \$250,000 and will be paid from federal or child nutrition program funds. The board will utilize a team of three or more qualified individuals to conduct a technical evaluation of proposals received and for selecting recipients. As a part of the evaluation, the individuals on the evaluation team will sign an assurance that each of the individuals is in compliance with the board's conflict of interest policy.

- b. The nature and substance of the use is suitable for and appropriate to the public school setting;
- c. The personal use of Board owned, leased or provided equipment has so little value that accounting for it would be unreasonable or administratively impracticable.

The accommodations hereby authorized do not repeal or modify any restrictions, requirements, or limitations applicable to the use of computer, electronic, or communication equipment or devices that are established elsewhere in board policy, procedure, or regulation, and nothing herein shall be construed to establish any right or expectation of privacy or confidentiality in or relating to the personal use of board owned or furnished equipment or device. The authorization hereby conferred is a limited and conditional privilege that is granted for the convenience of employees. It is subject to revocation generally or in individual cases upon a showing or suspicion of its violation or abuse.

**Policy 4.06: Complaints and Grievances**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 05/08/2018 | **Last Reviewed Date:** 05/08/2018

**4.06.1 General Complaints (Grievances)** – Subject to the limitations set forth below and elsewhere in this policy manual, any employee or member of the public may present to the Board a concern, complaint, grievance, or request for corrective action regarding any aspect of school system operations. Before requesting corrective action or relief from the Superintendent or the Board, persons with such complaints, grievances, or requests should present them for resolution to the employee, supervisor, or administrator at the lowest administrative level who has the authority and ability to address the problem or to implement the requested action. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of complaints and grievances. Such procedures may not unreasonably burden or delay the presentation or processing of such matters, and will be subject to Board review, modification, and approval.

**4.06.2 Limitations Regarding Availability and Application of General Complaint/ Grievance Policy** – The general complaint/grievance policy and any procedures adopted thereunder do not apply to specific complaint or grievance policies and procedures that are established by Board policy or law for application to special factual or legal circumstances (e.g., sexual harassment grievance procedures; review of personnel matters under state law “due process” hearings provided under the Individuals with Disabilities Education Act). In such instances, the specific statutory, regulatory, or policy-based process is the applicable procedure. The general complaint/grievance procedures that are authorized under the terms of this policy may not be invoked for the purpose of challenging or seeking review or reconsideration of adverse personnel decisions that have received final Board approval. A grievance may be based on an alleged misapplication of Board policies, regulations, or procedures, but may not be used to challenge the Board’s exercise of its discretion to adopt, approve, modify, or repeal a policy, regulation, or procedure or on its failure to exercise such discretion (e.g., adoption of a school calendar, compensation policies, etc.).

**4.06.3 Student Complaints and Grievances** – Complaints, grievances, and requests for corrective action may be brought to the attention of the Board by or on behalf of students with respect to academic, athletic, extracurricular, or other non-disciplinary matters, issues, and concerns only after reasonable efforts to resolve the matter at the school and administrative levels have been exhausted. The Superintendent is authorized to develop specific procedures that will provide for fair consideration and orderly review of such complaints and grievances. Such procedures will not unreasonably burden or delay the presentation or processing of the complaint or grievance and will be subject to review and approval by the Board. Administrative judgments concerning academic or curricular matters or participation in extracurricular activities may be set aside by the Board only upon a showing that the action or decision in question is arbitrary and capricious, fundamentally unfair, or that it violates Board policy or the student’s legal rights.

**4.06.4 Student Disciplinary Matters** – The Board may consider appeals of student disciplinary decisions or actions in accordance with standards and procedures specified in the Code of Student Conduct.

**4.06.5 Americans with Disabilities Act Complaints** - The Board does not discriminate on the basis of disability in the provision of services, activities, programs, or benefits covered by Title II of the Americans with Disabilities Act (“ADA”). The Superintendent or designee is authorized to develop an ADA complaint procedure for implementation of this policy. Persons who believe that they have been discriminated against on the basis of disability in the provision of services, activities, programs, or benefits covered by the ADA should file a complaint pursuant to the Board’s ADA complaint procedure.

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 06/26/2025 | **Last Reviewed Date:** 06/26/2025

**4.08.1 General** – To facilitate achieving a quality education for its students, it is the policy of the Board of Education (Board) to provide all students and employees with opportunities to access a variety of technological resources to fully prepare students for life beyond the K-12 educational environment. A large and varied technological environment requires that technology use by employees and students be legal, ethical and safe. Technology use must be consistent with the educational vision, mission, and goals of the Board.

- a. The Board employs a Director of Technology (DoT) to provide technology support at the school system and school levels and designates a Technology Assistant at each school.
- b. The Board employs Instructional Technology Specialists to ensure the faculty are using the technological resources in a way that is consistent and appropriate to the educational vision, mission, and goals of the Board.
- c. School computers, networks, e-mail and Internet access are provided to support the educational mission of the Madison City School System and are to be used primarily for school-related purposes. Personal use of school computers must not interfere with the employee's job performance or student's academic performance, must not violate any of the rules contained in Board policy, procedures, or other like directives and must not damage the school's hardware, software or communications systems.
- d. "Community Use" of wireless internet resources may be permitted through the district's guest wireless network providing that the use does not violate any applicable laws or board policies, procedures, and like directives and does not affect the educational environment. These rules establish usage appropriate for an educational setting and require users to act responsibly and accountably.

**4.08.3 Copyright Law** – It is the obligation and intent of the Board to comply with the copyright laws of the United States. Board employees and students shall use technology resources in accordance with Board policies and procedures, as well as local, state, and federal laws and guidelines governing the use of technology and its component parts.

- b. If a single copy of a software package is purchased, it may only be used in one computer at a time. Multiple loading or "loading the contents of one disk on multiple computers" (1987 Statement on Software Copyright) is not allowed.
- c. If more than one copy of a software package is needed, a site license, lab pack, or network version will be purchased. DoT will work with appropriate district personnel to determine how many copies will be purchased for the location.

- a. All staff may receive network accounts after Board approval of the personnel action or upon the first day of employment if requested by the principal or supervisor in writing to the DoT. For requested accounts, the principal/supervisor will be responsible for notifying the DoT if employment is not approved by the Board.
- b. Network accounts for contract or temporary employees may be requested in writing to the DoT by the principal or supervisor. Requests must be accompanied by a copy of the contract and description of duties. For requested accounts, the principal/supervisor will be responsible for notifying the DoT if employment ends prior to the expiration of the contract period.
- c. Student network accounts are generated based on pertinent information pulled from the district's student information system.
- d. The DoT may provide temporary or special use accounts at his/her discretion provided that they do not violate any applicable law or board policy.
- e. Network accounts should never be shared with other users, or outside organizations. Doing so is a direct violation of this policy. If an account has been compromised, it should be reported to the technology department immediately.
- f. Network accounts may be disabled or otherwise restricted for disciplinary or other reasons at the request of the applicable principal or supervisor or at the discretion of the DoT, Superintendent, or his designee.
- g. When an employee user is terminated or separates employment, or a student user is unenrolled from Madison City Schools, the access to systems and applications shall be immediately terminated unless continued access is approved in writing by the Madison City Schools Superintendent and the DoT. Employee User's work records and data and Student User's data and records stored locally or on Board servers shall be preserved for 30 days unless longer retention is required by pending or threatened litigation or applicable records retention policies. Access to stored data must be requested in writing and approved by the Madison City Schools Superintendent and the DoT.

4.08.5 Data Networks – The Madison City School System provides multiple data networks for the use of the faculty, staff, and students for the purpose of meeting the educational vision, mission, and goals of the Board. Such procedures shall comply with applicable state and federal law and shall include provisions for data security (including physical security measures), access controls, quality control, and data exchange and reporting (including external data requests, and third party data use). Nothing in this policy or in any procedures authorized hereunder creates or expands any entitlement to confidentiality of records beyond that which is established by law or specific Board policy.

Any unauthorized access, use, transfer, or distribution of Board data by any employee, student, or any other

individual may result in disciplinary action (up to and including termination for employees) and other legal action.

The Superintendent is authorized to develop additional or more specific rules and regulations regarding access to and use of its technology resources and to require adherence to such rules and regulations through the "Acceptable Use Policy," amendments to Board policies, or to the Student Code of Conduct, and application of appropriate disciplinary policies and procedures. Those rules and regulations should incorporate the requirements of the federal Child Internet Protection Act and Alabama's Freeing our Classrooms of Unnecessary Screen for Safety ("FOCUS") Act by:
  - Blocking or filtering internet access to pictures that are obscene, that constitute child pornography, or that are harmful to minors;
  - Restricting access by minors to inappropriate and harmful material on the Internet;

  - Prohibiting access to websites, web applications, or software that exposes students to the disclosure, use, or dissemination of their personal information;
  - Prohibiting students from accessing social media platforms, unless expressly directed by a teacher for educational purposes;
  - Unauthorized disclosure, use, and dissemination of personal information regarding minors;
  - Educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

The mass electronic notification system from Madison City Schools (MCS) will be used for educational and informational purposes only and in accordance with all Madison City policies and procedures. All submissions/postings to the program will be written and released by approved webmasters and/or administrators.

- d. Disclaimer. The City of Madison Board of Education and its employees cannot be held responsible for postings through mass electronic notification systems including, but not limited to, acts of omission, accidental misinformation, or information that may come into the possession of unintended parties or individuals.

4.08.16 District Devices and Equipment – All purchases of technology-related devices and equipment for the district, regardless of funding source, must be coordinated through the technology department in order to ensure inventory integrity and safeguard network management, control, and compatibility. Only devices and equipment approved by the DoT may be purchased with district or donated funds. Any technology-related donations to the district must be coordinated through the DoT before being accepted. All MCS students will be given a device and a charger in Kindergarten, or upon successful enrollment in MCS, and the device will travel with the student from school to school until graduation, device refreshment, or withdrawal from MCS.

4.08.17 Personal Devices – Madison City Schools promotes a 1:1 Initiative. As such, a wireless network is provided for cellular devices and guest use only. **Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 02/23/2023 | **Last Reviewed Date:** 02/23/2023

Board employees may participate in political activities to the full extent permitted by the United States Constitution and federal and state laws securing the right to engage in such activities, subject to the following restrictions:

Neither the Board nor its employees may appropriate, use, or expend Board funds, property or resources in political campaigns or political activities, including advocacy in favor of or against statewide or local ballot measures. Notwithstanding the foregoing, however, providing an objective analysis or factual information on or related to a ballot measure, or informing the public of the consequences of failure of a tax measure is not prohibited.

Employees may not engage in partisan political activities (including but not limited to the distribution or display of political signs, buttons, stickers, banners, or other campaign material) during regular school or duty hours, or at Board sponsored or sanctioned events, or functions, or at activities at which the employee is on duty, assigned official responsibilities. Notwithstanding the foregoing, however, this policy shall not be interpreted to prohibit an employee from supporting or opposing political candidates or advocating for or opposing statewide or local ballot measures in his or her capacity as a private citizen while not engaged in official duties, provided that the activities do not violate the Alabama Ethics Law.

Employees may not represent their political beliefs or positions on political matters to be those of the Board or other Board officials, or to falsely assert or imply that their political activities or positions are endorsed by or undertaken in the name of the Board or other Board officials.

In order to avoid disruption on school property, employees may not place large political signs, banners, or billboards on Board property, or in personal vehicles parked in Board parking lots.

Candidates and representatives of candidates for political office may not be invited or allowed to address student groups except when (1) such candidates are participating in a forum or like format that is designed to provide all candidates the opportunity to participate; or (2) the candidate is a current public official invited to address student groups for non-campaign related purposes. Such forums may be conducted only for appropriate age groups, and with the advance approval of the school principal and the Superintendent.

Political signs may not be placed on school board property.

Political campaign literature and other material may not be distributed on Board property during the regular school or work day and may not be distributed at school or Board sponsored events or activities in a manner that impedes the normal and safe movement of pedestrian or vehicular traffic, that creates any other safety hazard or risk, or that disrupts the event, activity, or function.

**Policy 4.10: Service Animals in Public Schools**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 05/03/2022 | **Last Reviewed Date:** 05/03/2022

The City of Madison Board of Education acknowledges its responsibility to permit students and/or adults with disabilities to be accompanied by a "service animal" in its school buildings, in classrooms, and at school functions, as required by the Americans with Disabilities Act, 28 CFR Part 35, subject to the following:

**4.10.1 Service Animals** – A "service animal" means a dog, or in specific circumstances a miniature horse, that has been individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the handler's disability or necessary to mitigate a disability.

School officials may ask the owner or handler of an animal whether the animal is required because of a disability and what work or task the animal has been trained to do unless the answers to these inquiries are readily apparent. School officials may not ask about the nature or extent of a person's disability and may not require documentary proof of certification or licensing of the animal as a service animal.

Depending on context the term "Service Animal" may also include service dogs provided to serve as Resident Facility Intervention Dogs for a district school by organizations working in partnership with the Alabama State Department of Education and/or by agreement with the Board.

**4.10.2 Requirements that must be Satisfied Before a Service Animal will be Allowed on School Property**

- a. *Request* – Any request for an individual with a disability to be accompanied by a service animal must be addressed in writing to the Superintendent of Schools and must contain documentation of vaccinations. This written request must be delivered to the Superintendent of Schools at least ten (10) business days prior to bringing the service animal to school or a school function. The request must be renewed each school year.
- b. *Vaccinations* – The service animal must be immunized against diseases common to that type of animal. Owners of a service dog must provide annual proof of the following vaccinations: DHLPPC (Distemper, Hepatitis, Leptospirosis, Parainfluenza, Coronavirus), Bordetella, and Rabies. Owners of service miniature horses must provide annual proof of the following vaccinations: Equine Infectious Anemia (Coggins Test), Rabies, Tetanus, Encephelomyelitis, Rhinoneumonitis, Influenza, and Strangles.
- c. *Health* – The service animal must be in good health. The service animals must be kept clean and groomed to avoid shedding and dander. The service animal must be treated for, and kept free of, fleas and ticks. The service animal must be spayed or neutered.
- d. *Control* – A service animal must be under the control of its handler at all times. The service animal must have a harness, backpack, vest identifying the service animal as a trained service animal, leash (blaze orange in color for hearing service animals), or other tether unless either the handler is unable because of a disability to use a harness, backpack, vest, leash, or other tether, or the use of a harness, backpack, vest, leash, or other tether would interfere with the service animal's safety or effective performance of work or tasks, in which case the service animal must be otherwise under the handler's control.

Notwithstanding the forgoing, Resident Facility Intervention Dogs provided under an agreement between the District and a Service Dog provider shall be allowed in Madison City Schools in accordance with the terms of the Agreement consistent with the guidelines of the providing entity.

**4.10.3 Service Dogs in Training** – Experienced trainers of service animals may be accompanied on school property by a dog that is in training to become a service animal. The dog must be at least six months of age. Trainers must wear a jacket identifying the organization to which they belong. Persons conducting continuing training of a service animal may be accompanied by a service animal while on school property for the purpose of school business. Persons who are part of a three- unit service dog team may be accompanied by a service dog while on school property provided that person is conducting continuing training of a service dog. A three-unit service dog team consists of a trained service dog, a disabled person, and a person who is an adult and who has been trained to handle the service dog. The dogs may accompany these persons while on school property for school purposes.

- a. *Use of Harnesses, Vest, etc.* A dog that is in training to become a guide dog or a currently trained guide dog that is undergoing continuing training must be in a harness.

1. A dog that is in training to become a hearing dog or a currently trained hearing dog that is undergoing continuing training must be on a blaze orange leash.
2. A dog that is in training to become a service dog or a currently trained service dog that is undergoing continuing training must be in a harness, backpack, or a vest identifying the dog as a trained service dog.
3. The training cannot disrupt or interfere with a school's educational process. It is expected that training would not normally take place in the classroom during instructional time.
4. All requirements of this policy which apply to service animals, such as health certificates, annual written requests, and supervision, care and damages, also apply to dogs in training.

4.10.4 Miniature Horses – The school district will make reasonable modifications in policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. In determining whether reasonable modifications in policies, practices, or procedures can be made to allow a miniature horse into a specific facility, the school district must consider the following factors:

- a. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- b. Whether the handler has sufficient control of the miniature horse;
- c. Whether the miniature horse is housebroken; and
- d. Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

All additional requirements outlined in this policy, which apply to service animals, shall apply to miniature horses.

4.10.5 Extra Charges – The owner or handler of a service animal cannot be required to pay an admission fee or a charge for the animal to attend events for which a fee is charged.

4.10.6 Supervision and Care of Service Animals – The owner or handler of a service animal is responsible for the supervision and care of the animal, including any feeding, exercising, and clean up. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal. In the case of a young child or student with disabilities who is unable to care for or supervise the service animal, the parent is responsible for providing care and supervision of the animal. Issues related to the care and supervision of service animals will be addressed on a case-by-case basis in the discretion of the Superintendent or his or her designee.

4.10.7 Damages to School Property and Injuries – The owner or handler of a service animal is solely responsible for any damage to school property or injury to personnel, students, or others caused by the animal.

4.10.8 Removal of Service Animals from School Property – A school administrator can require an individual with a disability to remove a service animal from school property under the following circumstances:

- a. The animal is out of control and the animal's handler does not take effective action to control it;
- b. The animal is not housebroken;
- c. The presence of the animal poses a direct threat to the health or safety of others; or
- d. The presence of an animal would require a fundamental alteration to the service, program, or activity of the school division.

If the service animal is removed, the individual with a disability shall be provided with the opportunity to participate in the service, program, or activity without the service animal.

4.10.9 Denial of Access and Grievance – If a school official denies a request for access of a service animal or a dog in training, the disabled individual or parent or guardian can file a written grievance with the school's Section 504 Coordinator.

- d. whether or not created during regular school or duty hours, or during any school system events or functions.

Employee acknowledges that such Works are the exclusive property of the Board and hereby agrees to assign, and does assign, all right, title and interest in and to such Works to the Board. Any copyrightable work prepared in whole or in part by employee will be deemed "a work made for hire" under the United States Copyright Act, 17 U.S.C. 101, et seq., and the Board shall own all rights comprised in the copyright therein. Employee shall promptly and fully disclose all such Works to the Board and shall cooperate with the Board to protect the Board's interests in and rights to such Works. Employee expressly waives any claim to any "moral rights" that may attach to any such Works. In the event an Employee hires an independent contractor to create Works, the agreement shall include the terms set forth in this Section.

In the event Employee authors a Work and desires to perform, publicly display, sublicense, publish, copy, or distribute a Work for his or her own benefit, Employee may obtain an exclusive license from the Board, the grant of such exclusive license shall not be unreasonably withheld; provided, however, Employee shall agree that any such license shall not preclude the Board from being able to publicly display, perform, copy, distribute such Work.

**4.11.2 Third Party Works** - A "Third Party" in this section shall mean a party that is not an employee or an employee-hired independent contractor identified in Section 1.1.4, a non-limiting example of which is a student or a parent. In the event a Third Party creates a Work and submits such Work to a School for the School's use, benefit, public display, or publication, the Board shall retain exclusive ownership of such Works and advise applicable Third Parties of this policy.

**Policy 4.13: Public Health Precautions and Infectious Disease Mitigation**

**Status:** ADOPTED

**Original Adopted Date:** 07/30/2020 | **Last Revised Date:** 05/03/2022 | **Last Reviewed Date:** 05/03/2022

**4.13.1 Authorization** - The Board authorizes the Superintendent to develop public health precautions and infectious disease mitigation procedures for all schools and other Board properties and all school sponsored activities. The Superintendent, and his or her designees, will develop, and amend as necessary, these procedures based on current guidance from local, state and or federal government and health officials. To the extent that the Superintendent determines that local circumstances warrant a departure from public health guidance and/or orders from local, state, or federal public health officials, he shall bring recommendations related to any such departure to the Board for consideration and approval.

**4.13.2 Compliance with Applicable Law** - The procedures developed in accordance with this policy must comply with the requirements of any current local, state, and/or federal law applicable to the Board, to include any regulation, rule, or order. Nothing in this policy should be interpreted to limit the Superintendent's ability to implement more restrictive procedures as may be necessary for the safe and appropriate operation of Madison City Schools as long as the more restrictive procedures do not otherwise violate any law or regulation applicable to the Board.

**4.13.3 Mandatory Compliance with Procedures**

- a. **Generally.** All individuals, including all students, faculty, staff, family members, and other visitors to Board schools or properties, must comply with the procedures developed pursuant to this policy. Failure to do so will result in consequences including, but not limited to, temporary or permanent removal from the property.
- b. **Students.** As a condition to participating in any on campus instruction or attendance at any school sponsored event, students must adhere to the procedures developed pursuant to this procedure. Failure to do so may result in removal from in person instruction. If parents/guardians believe that their student will not be able to comply with the procedures, they should contact their student's school principal to discuss options.
- c. **Employees.** All employees must comply with any procedures developed pursuant to this policy. Failure to do so will result in disciplinary consequences up to and including recommendation for dismissal. If an employee has concerns about his or her ability to follow the procedures, the employee should raise that concern with his or her supervisor.

The system's nurse(s) will maintain liaison with the State Board of Health and support the processing of identified cases.

The Superintendent shall have the authority to exclude a student and/or an employee from attendance when reliable evidence confirms he/she has a communicable/infectious disease or condition that is known to be spread by any form of casual contact and is considered a health threat to the school population. Such a student or employee shall be excluded from school for a period of time as may be prescribed by the local health department or physician. **Status:** ADOPTED

**Original Adopted Date:** 05/19/2022 | **Last Revised Date:** 11/02/2023 | **Last Reviewed Date:** 11/02/2023

**4.14.1 Purpose and Scope** - The purpose of this policy is to require the maintenance and operation of cameras in self-contained classrooms on all campuses operated by the Board to promote and ensure the health, safety, and well-being of students and staff in self-contained classrooms. This policy does not affect or modify any other Board policies related to the use of video cameras, security cameras, or other technology.

**4.14.2 Definitions**

- i. "Board" shall mean the City of Madison Board of Education.
- ii. "Incident" means an event, circumstance, act, or omission that results in abuse, neglect, harassment, or other inappropriate behavior.
- iii. "Self-Contained Classroom" means a classroom, in which at least half of the students in regular attendance are provided special education services. This term includes any room attached to the classroom where special education services are provided and any calm down rooms, sensory rooms, and common areas.

**4.14.3 Authorization** - This policy provides general requirements and guidelines related to the operation of cameras in self-contained classrooms. The Board authorizes the Superintendent to develop procedures, which shall be publicly posted, to supplement this policy and provide additional requirements and regulations related to the operation and maintenance of cameras in self- contained classrooms.

**4.14.3 Location and Operation of Security Cameras** - Cameras shall be placed in all self-contained classrooms operated by the Board. A camera shall remain in a self-contained classroom as long as the classroom continues to satisfy the definition of "self-contained classroom" found in 4.14.2. All cameras must record both video and audio. The cameras shall record audio and video during school hours and at any time a student is present in the self-contained classroom. The cameras shall cover the classroom, any common areas attached to the classroom, and any operational quiet rooms. The cameras shall not monitor restrooms, showers, or any other area where a student changes his or her clothes, except for incidental monitoring of a minor portion of a restroom or changing area because of inherent layout of the self-contained classroom.

**4.14.4 Video Retention and Access** - All audio and video recordings made by a camera placed pursuant to this policy shall be retained for a period of three months after the date the video was recorded. If the minimum three-month period overlaps with the summer break occurring between the last day of one instructional term and the first day of the next instructional term, the minimum three-month period shall be extended by the number of days occurring between the two instructional terms.

If the Superintendent or local school principal receives notice of an incident or that recordings from any such camera are needed as part of any investigation, administrative proceeding, or legal proceeding before the expiration of three months, then the Board will retain the recording until the conclusion of any investigation, administrative proceeding, or legal proceeding, including the exhaustion of all appeals. Once the retention period has expired, the video and audio recording shall be deleted and made unretrievable.

Audio and video records made pursuant to this policy shall not be continuously monitored. Video and audio recordings made pursuant to this policy shall not be regularly used for teacher evaluations or any purpose unrelated to promoting and ensuring the health, safety, and well- being of students and staff in self-contained classrooms. However, the Board may consider recordings from cameras that are relevant to any investigation, administrative proceeding, or legal proceeding, including the investigation of any Incidents, in making appropriate determinations relating to students, staff, faculty, administrators or visitors.

A video recording of a student is confidential and shall not be released or viewed except as provided for by this Policy. In the event an incident is reported to the Superintendent or local school principal, the Board may allow recordings made pursuant to this policy to be viewed upon request by:

Importantly, the viewing of all video and audio recordings shall be consistent with FERPA and Alabama law. A contractor or Board employee performing job duties related to the installation, operation, or maintenance of video equipment who incidentally views a video recording is not in violation of this Policy.

4.14.5 Notice - Annually, the Board shall provide parents of students in self-contained classrooms with written notice that the student will be in a classroom that has active cameras in operation. Additionally, school campuses may place, at the entrance of any self-contained classroom, a notice stating that video and audio surveillance are conducted in the classroom.

- c. The care of an immediate family member, defined as a spouse, child or parent, with a serious health condition;
- d. The taking of medical leave because of the employee's own serious health condition.

For the birth, adoption, or foster placement of a child, the entitlement to leave for child care expires at the end of the twelve (12) month period beginning on the date of birth, adoption, or placement. Leave associated with the illness of a child will only be provided if the child is under eighteen (18) years of age or is incapable of self care due to physical or mental disability.

**5.10.3 Serious Health Conditions** – The term “serious health condition” means an illness, injury, impairment, or physical or mental condition that involves the following:

- a. Any period of incapacity in connection with or following inpatient care in a hospital, hospice, or residential medical care facility.
- b. Continuing treatment by a health-care provider, to include any period of incapacity due to:
  1. A health condition, including treatment and recovery, lasting more than three (3) consecutive days, and any subsequent treatment or period of incapacity relating to the same condition;
  2. Pregnancy or prenatal care;
  3. A chronic, serious health condition which continues over an extended period of time, requires periodic visits to a health care provider, and may involve episodes of incapacity (e.g., asthma and diabetes);
  4. A permanent or long-term condition for which treatment may not be effective (e.g. Alzheimer's, severe stroke) and for which supervision of a health-care provider is required;
  5. Multiple treatments for restorative surgery or for a condition which would likely result in a period of incapacity of more than three (3) days if not treated.

**5.10.4 Military Family Leave Provided by the Act**

- a. *Qualifying Exigency Leave* – Under the FMLA, an eligible employee with a spouse, child, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may utilize the twelve (12) week medical leave entitlement to address qualifying exigencies resulting from that service.
- b. *Military Caregiver Leave* – An eligible employee, who is the spouse, child, parent, or next of kin of a covered service member, is entitled to take up to twenty-six (26) weeks (including any medical leave provided by the Act) of unpaid leave during any twelve (12) month period (beginning the first day of the leave) to care for an individual covered service member with a serious injury or illness incurred in the line of duty while on active duty that may render the service member medically unfit to perform the duties of the member's office, grade, rank, or rating. A covered service member is a member of the Armed Forces, including the National Guard and Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness incurred in the line of duty on active duty.

**5.10.5 Spouse Employed by the Board** – Spouses who are both employed by the Board are limited to a combined total of twelve (12) weeks of family leave for the birth and care of a newborn child, for the placement of a child for adoption or foster care, for the care of a parent who has a serious health condition, and for qualifying exigency leave. Spouses who are both employed by the Board are limited to a combined total of twenty-six (26) weeks for military caregiver leave.

**5.10.6 Intermittent Leave** – An employee may take leave intermittently or on a reduced leave schedule only when medically necessary to care for a spouse, parent, or child or to receive planned medical treatment. Intermittent leave should be scheduled to the extent practicable so as not to unduly disrupt the operations of the Board. Intermittent leave may be further limited for teachers in accordance with federal law.

**5.10.7 Use of Vacation and Sick Leave** – If an employee has available sick leave, vacation leave or other applicable paid leave, the employee must utilize those forms of leave before taking unpaid leave under the FMLA. In that instance, the paid leave and the FMLA leave will run concurrently and the employee's twelve (12) weeks of unpaid FMLA leave will be reduced by the paid leave utilized, as long as the need for such leave results from one or more of the qualifying reasons under the FMLA.

**5.10.8 Notice** – Employees seeking leave under the FMLA must provide thirty (30) days advance notice of the need to take leave when the need is foreseeable. When the need for leave is unforeseeable, employees should notify their supervisors as soon as possible. Employees must also provide notice of the need for qualifying exigency leave as soon as practicable.

**5.10.9 Certification for Medical or Military Caregiver Leave** – Every request for FMLA leave based upon the serious health condition of the employee or employee's spouse, children, or parents, or leave as a military caregiver must be supported by medical certification issued by the appropriate health care provider on forms provided by the Board.

For leave based on a serious health condition of the employee or employee's spouse, child, or parent, the Board reserves the right to obtain a second opinion from an independent health-care provider designated by the Board. If the opinion received by the employee and the second opinion conflict, the Board and the employee must agree on a third provider to issue a binding opinion. Both the second and third opinions (if necessary) will be at the expense of the Board.

**5.10.10 Certification for Qualifying Exigency Leave** – Certification will be required by the Board for requests for qualifying exigency leave. Certification must be timely submitted on forms available from the Board. For the first such request, certification may include a copy of the military service member's duty orders or other military documentation.

**5.10.11 Return to Work** – The Board may require an employee who has taken leave due to the employee's own serious medical condition to provide the Board with a healthcare provider's certification in order to return to work. Any employee who takes leave under these provisions will be entitled to be restored to the original position held when the leave commenced or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

**5.10.12 Maintenance of Benefits** – Benefits accrued by the employee before leave is taken are not lost when approved FMLA leave is taken. Employees who are on approved FMLA leave will remain eligible to participate in benefit programs in which the employee was enrolled at the time of the leave, provided that the employee will continue to be responsible for payment of employee's portion of any cost, premium, or like payment that is required to maintain eligibility for the coverage or benefit. An employee that does not return to work after FMLA leave, will be required to reimburse the Board for the cost of benefits coverage extended to the employee during the leave, unless the reason for the employee's failure to return to work is (i) a continuing serious health condition suffered by either the employee or a family member, or (ii) other circumstances beyond the employee's control.

**5.10.13 Instructional Employees** – Medical leave taken by eligible instructional employees is subject to further limitations and provisions established by the FMLA. The Superintendent or his designee is authorized to develop additional information and guidelines concerning Instructional Employees.

**Policy 5.12: Administrative Leave**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

The Superintendent is authorized to place an employee on administrative leave upon a determination that the best interests of the school system would be served by such action. Administrative leave relieves the employee of regular work responsibilities pending resolution of the matters or circumstances that gave rise to the leave. Administrative leave is not disciplinary in nature or purpose and does not affect the employee's compensation, benefits, tenure, or nonprobationary status. Administrative leave may be accompanied by such additional restrictions or conditions as may reasonably be imposed by the Superintendent under the circumstances (e.g., limitation on access to school property). The status of employees who are on administrative leave will be reviewed and reported to the Board periodically or as otherwise may be directed by the Board.

**Policy 5.14: Anti-Harassment**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 10/12/2021 | **Last Reviewed Date:** 10/12/2021

The Board strictly prohibits harassment of any person or group of persons on the basis of a legally-protected characteristic or status. These include, but may not be limited to, race, color, religion, national origin, citizenship, age, disability, genetic composition or background, FMLA activity, military service or veteran status, and participation in legally-protected activity. Every employee is expected to uphold this policy and is responsible for maintaining a respectful and professional educational and work environment. When proper notice is provided, the Board will immediately investigate allegations of Prohibited Harassment, as defined herein, and will take appropriate disciplinary action where warranted.

**5.14.1 Definition of Prohibited Harassment** – Prohibited Harassment is unwelcome verbal, physical, visual or other conduct directed against any person or group, based upon characteristics or activities protected by federal or state law that has the purpose or effect of unreasonably interfering with an individual's working environment or work performance or creating an offensive, demeaning, or intimidating environment for that person or group of persons. Harassment may not be unlawful by applicable legal standards unless it is severe or pervasive. However, any Prohibited Harassment shall constitute a violation of this policy and may result in appropriate disciplinary action.

**5.14.2 Examples of Prohibited Harassment** – The following are examples of conduct that may constitute discriminatory harassment:

- a. Verbal harassment may include but is not limited to epithets, derogatory comments or slurs based upon one of the characteristics or status listed above.
- b. Physical harassment may include but is not limited to assault, unwanted touching, impeding or blocking movement, or any physical interference with normal work or movement, when directed at an individual because of an individual's protected class or status.
- c. Visual forms of harassment may include but are not limited to derogatory posters, cartoons or drawings based upon an individual's protected characteristic.

**5.14.3 Employee Complaint Resolution**

- a. *Reporting* - When an employee feels that he or she has been subjected to Prohibited Harassment, or observes or is otherwise aware of an incident of Prohibited Harassment, the employee must report the matter immediately in the manner set out below.
- b. *Informal Reporting* – Under no circumstances should an employee pursue resolution of a potential Prohibited Harassment situation through informal reporting only. Although employees are encouraged to work together to resolve differences, and while reports to first-line supervisors may be helpful, the Board cannot properly oversee and investigate a situation without proper notice in the manner set out below. Informal complaints to co-workers and reports to first-line supervisors will not comply with this policy and cannot provide notice to the Board of the problem. Employees **MUST** follow the complaint procedure set out below.

**5.14.4 Complaint Procedure**

- a. *Persons Responsible for Receiving and Investigating Complaints* – The Superintendent is responsible for adjudicating complaints regarding Prohibited Harassment. The Superintendent designates the Coordinator of Personnel as the person responsible for receiving reports of alleged Prohibited Harassment. All complaints should be voiced directly to the Coordinator of Personnel. The Coordinator of Personnel can be reached at (256) 464-8370. However, under no circumstances will an employee be required to present the complaint to the person who is the subject of the complaint, nor will the complaint be adjudicated by the person who is the subject of the complaint. Accordingly, if the complaint concerns the Coordinator of Personnel, the complaint may be made directly to the Superintendent, or if the Superintendent is the subject of the complaint, directly to the President or Vice-President of the Board.
- b. *Complaint form, contents* – Complaints should be made in writing, signed by the complainant, and should fully describe the circumstances surrounding the alleged Prohibited Harassment. Harassment complaints that cannot be made in writing should be memorialized by the Coordinator of Personnel or other appropriate recipient of the complaint.

- c. *Investigation* – The Coordinator of Personnel and the Superintendent will promptly investigate the complaint, review the results of any investigation with legal counsel or other appropriate officials, make any findings that are supported by the investigation, and recommend appropriate action based on these findings. The complainant will be informed of any action that is taken as a result of the investigation.
- d. *Review by the Superintendent and the Board* – A complaining party who is not satisfied with the investigation or resolution of the complaint may request that the Superintendent take additional or different action or present the complaint to the Board for its review and action. In such case, the Board will render a final decision as soon as practicable.

5.14.5 Confidentiality – To the greatest extent practicable, reports of Prohibited Harassment will be kept confidential; however, complete confidentiality cannot be guaranteed because it is critical that the Board conduct a full and fair investigation.

5.14.6 Retaliation Prohibited – No retaliation or adverse action may be imposed as a result of a good faith complaint or report of harassment. If any employee believes he or she has been subjected to retaliation or adverse action as a result of a complaint, the employee must raise that concern in the same manner as set out in this policy. If the employee feels that the person retaliating or otherwise taking adverse action against you is the same person to whom you are to report such matters, you may proceed directly to the Coordinator of Personnel, the Superintendent, or the President or Vice-President of the Board, as the circumstances may require.

5.14.7 Penalties for Violation – Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of Prohibited Harassment will be subject to appropriate disciplinary action, up to and including termination.

**Policy 5.15: Employee Sexual Harassment**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 10/12/2021 | **Last Reviewed Date:** 10/12/2021

**5.15.1 Sexual Harassment Prohibited** – Sexual harassment in any form that is directed toward employees is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies for further investigation and action.

**5.15.2 Definition of Sexual Harassment** – Title IX regulations define sexual harassment to include one or more of the following:

- a. An employee conditioning the provision of an aid, benefit, or service of the school/school district on an individual's participation in unwelcome sexual conduct (i.e., quid pro quo sexual harassment);
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school/ school district's education program or activity; or
- c. Sexual assault, dating violence, domestic violence, or stalking, as each of those terms is defined by federal statutes enumerated in the Title IX regulations, 34 C.F.R. § 106.30(a).

**5.15.3 Examples of Prohibited Conduct** – The following are examples of conduct that may constitute sexual harassment, depending on individual circumstances:

- b. Repeated unwelcome solicitation of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touching;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to an individual's employment status.

**5.15.4 Sexual Harassment Complaint Procedures Authorized** – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures in compliance with Title IX that are designed to provide employees who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The process and procedures will be drafted so as to provide supportive measures, facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to comply with federal regulations, and to be understandable and accessible to all employee population groups.

**5.15.5 Initial Confrontation of Accused Harasser Not Required** – An employee who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.

**5.15.6 Notice of Policy to be Promulgated** – The Superintendent will promulgate and disseminate this policy and the complaint procedures to applicants for admission and employment, the schools, parents and legal guardians, unions and professional organizations, and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to employees who believe that they have been subjected to sexual harassment.

**5.15.7 Confidentiality** – To the extent possible, reports of sexual harassment will be kept confidential; however, complete confidentiality cannot be guaranteed.

**5.15.8 Retaliation Prohibited** – No retaliation or adverse action may be imposed as a result of a good faith complaint or report of sexual harassment. False accusations that are made in bad faith or for improper reasons may result in

disciplinary action.

5.15.9 Penalties for Violation – Any employee who violates the terms of this policy or who impedes or unreasonably refuses to cooperate with a Board investigation regarding allegations of sexual harassment will be subject to appropriate disciplinary action, up to and including termination.

**Policy 5.16: Reduction-In-Force**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

**5.16.1 Definition and Scope**

- a. This policy applies to reductions-in-force that are implemented by “layoffs” contemplated by Ala. Code § 16-1-33 (1975).
- b. A reduction-in-force may be declared by the Board of Education and layoffs approved thereunder if the Board determines that the decreased student enrollment or a shortage of revenues requires a reduction in the work force (beyond normal attrition) in order to maintain effective provision of educational services or to meet the Board’s financial, legal, or operational obligations.
- c. A “layoff” within the meaning of this policy is an unavoidable reduction in the workforce beyond normal attrition due to decreased enrollment or shortage of revenues. As provided by Section 6(h)(3) of the Students First Act, Ala. Act 2011-270, layoffs based on such reasons are not subject to challenge or review under said Act. Employees who are laid off under authority of this policy are eligible for recall to employment as conditionally provided in this policy.

**5.16.2 Criteria for Implementing Layoffs**

- a. The order, priority, rank, or selection of individual employees who are to be laid off under authority of this policy shall be determined on the basis of objective criteria. However, nothing herein shall be deemed or construed to limit or abridge the Board’s legislative discretion to identify areas, departments, groupings, or classifications for reductions (layoffs). (For example, the Board is not required to justify by objective criteria or otherwise a decision to implement layoffs in non-instructional categories or employees before doing so with instructional staff.)
- b. The criterion or criteria on which the layoffs are to be based shall be announced or otherwise made known by the Board to employees affected by the layoff no later than the date notice of the layoff is provided to the employees.
- c. “Objective criteria” within the meaning of this policy may include any lawful selection standard (or combination of standards) that is verifiable, calculable, measurable, or otherwise determinable by means or methods other than the personal or subjective judgments or opinions of the person(s) applying the criteria, and that would be expected to produce the same result if applied to the same employees or group of employees by different persons. For purposes of this policy, objective criteria may include, but are not limited to:
  - i. Seniority, longevity, or time in service that will be more specifically described in the notice of layoff that is provided to affected employees;
  - ii. Years of experience;
  - iii. Degrees, certification, or licensure;
  - iv. Specialized training and experience with particular educational programs or initiatives including but not limited to the Alabama Reading Initiative (ARI), and/or the Alabama Math, Science and Technology Initiative (AMSTI);
  - v. Job classification;
  - vi. Any requirements that may be imposed by state or federal law or court order;
  - vii. Written or otherwise documented performance evaluations that can be fairly, accurately, and objectively compared to current evaluations of other similarly situated employees for the purpose of ordering or ranking, provided that such evaluations predate the RIF announcement or declaration by not less than thirty days.

**5.16.3 Recall** – Employees who have been laid off under the terms of this policy will be given priority in filling positions as enrollment or financial circumstances warrant, provided that:

- a. The nature of and qualifications for the position have not materially changed;
- b. The laid-off employee remains properly qualified, licensed, or certified; and
- c. The laid-off employee confirms in writing his or her availability for and interest in re-employment to the Board's Director of Human Resources in accordance with any directives that may be contained in or transmitted in conjunction with the notice of layoff.

Circumstances permitting, and to the extent practicable, the selection of employees for recall will be based on the criteria that were applied to the layoffs themselves if there are more employees eligible for recall than positions available to fill. When layoffs occur over a period of time, the Board will take relative length of separation from service into consideration in assigning recall priority, other factors being equal. In no case will any right to be recalled to employment extend beyond one year from the effective date of the employee's layoff. Recalled employees will retain credit for the tenure, years of service, and the pay and benefit status they held on the effective date of their layoff. No pay, benefits, status, or additional rights will accrue or be credited to the recalled employee for the time he or she has been laid off.

**5.16.4 Notice** – Notification of layoff and recall shall be by United States certified or registered mail, hand delivery, or such other means as are reasonable under the circumstances. Notice sent by certified mail will be deemed delivered two days after the date of the certified mail. Upon delivery of notification of recall, a laid-off employee shall respond affirmatively to the notice of recall in accordance with such specific directions or instructions as may be contained therein. Any laid-off employee who does not so respond or who otherwise declines an offer of re-employment by the Board will be deemed to have waived any right to be recalled under the terms of this policy.

**5.16.5 Reservation of Board Authority** – Nothing in this policy will be deemed or construed to restrict or impair the authority of the Board to reorganize, consolidate, eliminate, reallocate, or otherwise modify the nature and configuration of its workforce in accordance with Alabama law.

**Policy 5.17: Unauthorized Payments**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

**5.17.1 Notification to the Employee** – Upon discovery of any unauthorized or erroneous payment or disbursement of funds to an employee, the Board will attempt in good faith to notify the employee of such unauthorized payment and to reach agreement with the employee, if possible, regarding the amount and terms of repayment. Notification to the employee will consist of a letter mailed or delivered to the employee's last known address. The notice will specify the amount owed, the method by which the amount was calculated, a proposed schedule of repayment, an opportunity for the employee to review or examine any documents or other evidence supporting the claimed overpayment, and an opportunity for the employee to object in person or in writing to the amount or manner of the proposed withholding to provide an alternative plan of repayment. Unless the Board's ability to recover funds in question could be jeopardized by doing so, the Board will arrange a reasonable schedule of repayment so as to avoid undue hardship to the employee.

**5.17.2 Retention and Recovery Authorized** – If no objection to the proposed withholding is received within a reasonable time (to be specified in the notification letter), monies may be retained in the manner and to the extent described in the notification. If the employee objects to the proposed withholding, the Superintendent or his designee may, upon consideration of the objection and information and argument (if any) submitted in connection therewith, take such action as may be warranted under the circumstances and inform the employee in writing of the decision. If the employee is dissatisfied, he may contest the decision through the Board's complaint procedure. Monies may be withheld by the Board pending completion of the grievance process, provided that, should the Board later pay over to the employee monies that have been retained under authority of this policy, such payment(s) will reflect all appropriate deductions and will include accrued interest from the date of withholding at the rate specified by the then-effective rate applicable to interest on unpaid judgments under Alabama law. If, after exhausting reasonable efforts to do so, the Board is unable to contact the employee in the first instance, the Board may retain or withhold from compensation or other payments due the employee an amount sufficient to satisfy the indebtedness; provided that any such retention or withholding will be subject to review and reconsideration at the request of the employee.

**5.17.3 Repayment Required as a Condition of Reemployment** – The Board reserves the right to require repayment of any outstanding indebtedness as a condition to reemployment of any former employee.

**5.17.4 Procedures Not Exclusive** – The provisions, procedures, and method of review specified herein are in addition to those that are otherwise available to the parties under law for the retention or recovery of funds, and for administrative or judicial review thereof.

**Policy 5.18: Drug-Free Workplace**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 08/08/2013 | **Last Reviewed Date:** 08/08/2013

**5.18.1 General** – It is the policy of the City of Madison Board of Education that the use of alcohol and other drugs and the unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs is prohibited. Any employee violating this policy will be subject to disciplinary actions, up to and including termination of employment and referral to the appropriate authorities for prosecution. This policy has been adopted in accordance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. Nothing in this policy should be construed as precluding the Board from adopting additional or alternative programs, procedures, and penalties in order to achieve the goal of a drug- and alcohol-free public school system.

**5.18.2 Standards of Conduct** –

- a. The possession, use, transfer, sale, or distribution of alcoholic beverages by any employee while on the job or on school premises or off campus in connection with or affecting any school related activity is strictly prohibited. Violation of this policy will result in disciplinary actions up to and including termination of employment and referral to the appropriate authorities for prosecution.
- b. The Board does not differentiate between drug users or sellers. The unauthorized manufacture, possession, use, transfer, sale, or distribution of controlled substances is strictly prohibited. Any employee who violates this prohibition while on the job or off will be subject to disciplinary action, up to and including termination of employment and referral to the appropriate federal, state, or local law enforcement agencies for investigation and prosecution.
- c. The term “controlled substance” means any drug listed in 21 U.S.C. Section 812 and other federal regulations. Generally, these are drugs which have a potential for abuse. Such drugs include, but are not limited to, heroin, marijuana, cocaine (including “crack”), methamphetamine (“ice”), LSD, and PCP.
- d. The Board reserves the right to require that sobriety or drug tests or screenings be performed whenever a school official observes or is made aware of circumstances that provide reasonable suspicion or belief that the employee has used alcohol, illegal drugs, or other substances in violation of the Board’s substance abuse policies. All such testing or screening will be performed in accordance with local, state, and federal laws and procedures that are developed by the Superintendent for approval by the Board.
- e. See Policy 5.22 Self Reporting Arrest or Conviction
- f. The Superintendent must notify the State Department of Education within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of a conviction of a violation of any federal or state criminal drug statute.
- g. In cases where employees seek help regarding alcohol and other drug- related problems, the costs for these services are the responsibility of the employee. Seeking professional help should not be construed as an avenue for avoiding the disciplinary sanctions described nor for avoiding compliance with job performance standards.

**5.18.3 Confirmation** – Every school system employee will be responsible for completing a form annually confirming receipt of drug-free workplace policy information.

**Policy 5.19: Drug and Alcohol Testing of Safety Sensitive Employees**

**5.19.1 Scope** – The Board will conduct employee drug and alcohol testing for employees in safety sensitive positions, and will conduct queries and report violations as required by and in accordance with federal law. Testing will be required for all employees holding a commercial drivers' license (CDL) or who occupy a safety sensitive position as designated by the Board ("covered employees").

**5.19.2 Prohibited Alcohol and Controlled Substance-Related Conduct** – In addition to activities identified in other policies, rules, and procedures, covered employees are prohibited from the following:

- e. Refusing to submit to an alcohol or controlled substance test required by post-accident, random, reasonable suspicion, or follow-up testing requirements;
- f. Consuming alcohol or being under the influence of alcohol within eight (8) hours of going on duty, operating, or having physical control of a vehicle;
- g. Reporting for duty or remaining on duty when using any controlled substance, except when instructed by a physician who has advised the driver and the Board that the substance does not adversely impact the performance of any safety-sensitive duty;
- h. Reporting for duty, remaining on duty, or performing safety sensitive functions with controlled substances in the employee's system.

In the event of a violation of this policy, the employee shall be removed immediately from safety-sensitive duties and shall be subject to such further actions, including disciplinary action up to and including termination.

**5.19.3 Testing Program Authorized** – All covered employees will be tested for the presence of alcohol and controlled substances in accordance with applicable law:

- a. *Pre-employment Testing* – Prior to the first time a covered employee performs a safety-sensitive function for the Board, the employee must undergo testing for controlled substances.
- b. *Post-accident Testing* – Each surviving driver who is involved in an accident involving a school bus shall submit to alcohol and controlled substance testing as soon as practicable following such accident if such driver:
  1. Was performing a safety-sensitive function with respect to such vehicle and the accident involved the loss of human life, or
  2. Such driver receives a citation within eight (8) hours of the occurrence under state or local law for a moving traffic violation arising from the accident and the accident involved either:
    - i. Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident, or
    - ii. One or more motor vehicles incurs disabling damage requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle. Each such driver shall remain readily available for such testing and if he does not remain so readily available, may be deemed to have refused to submit to testing. Transportation supervisors shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating the school bus, so that drivers will be able to comply with the requirements of this policy. The tests

required by this subsection shall be administered as soon as practicable following the accident. If the alcohol test is not administered within two hours following the accident, the supervisor will prepare and maintain a record stating the reasons. If the alcohol test is not administered within eight hours, and the controlled substances test within 32 hours, the same record shall be made and further efforts to administer such tests shall cease.

- c. *Random Testing* – The Board will conduct unannounced random alcohol and controlled substance testing of its covered employees.
- d. *Reasonable Suspicion Testing* – A covered employee must submit to alcohol or controlled substance testing whenever there is reasonable suspicion of alcohol misuse or the use of controlled substances based on specific, contemporaneous, and articulable observations concerning the appearance, behavior, speech, or bodily odors of the employee.
- e. *Return-to-Duty Testing* – A covered employee must submit to return-to- work alcohol and/or controlled substance test before being permitted to return to work following a positive alcohol or controlled substance test or other violation of this policy or federal regulations.

5.19.4 Administration of Program – The Superintendent is authorized to oversee the Board's testing program, to contract with appropriate providers to implement the program, to develop guidelines, rules and regulations, to implement training programs, to develop and distribute educational materials and appropriate notices to covered employees, and to take such further action as may be required by federal law.

Each covered employee must sign a limited consent for the Board's designee to conduct a limited Clearinghouse query. Any covered employee who declines to give consent for a limited query will not be permitted to operate a commercial motor vehicle for the Board until such consent is given. Limited queries do not reveal specific information about employees. If a limited query shows that there is information in the Clearinghouse on the covered employee, the covered employee must consent to a full query, which must be conducted immediately. The covered employee will not be permitted to drive or perform safety-sensitive functions until the query results confirm that the employee's Clearinghouse record contains no prohibitions as defined under the regulations. Any covered employee whose record reveals such prohibitions will not be permitted to drive or otherwise perform safety- sensitive functions until the covered employee successfully completes the return-to-duty process. Any covered employee's refusal to consent or successfully to complete the return-to-duty process in accordance with federal law will be subject to disciplinary action up to and including termination.

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 04/04/2024 | **Last Reviewed Date:** 04/04/2024

- a. Employees may accept occasional gifts from students or other members of the public if the gifts are in accordance with the Alabama Ethics law and any other applicable law. However, employees shall not solicit any gift, directly or indirectly, or participate in the collection of any donations toward any gift to be given to or received by the employee.
- b. Subject to the restrictions above, employees may accept occasional gifts or gift cards purchased from pooled donations within a class, team, or other school group or organization for the employee's personal use. Absent additional facts indicating otherwise, gifts with a value of thirty-two dollars (\$32.00) or less are presumed not to be a violation of the law by the Ethics Commission as such gifts do not qualify as personal gain and are presumed not to be given for the purpose of influencing official action. Donors who choose to coordinate pooled donations to make a larger gift from a group, should request that all individual donations be made in an amount of thirty-two dollars (\$32.00) or less in order to safeguard against such donations violating the Ethics law or being financially burdensome.
- c. This policy is intended to be compliant with the provisions of the Alabama Ethics Law. Nothing in this policy should be construed to create restrictions on gifts beyond those that are specifically provided for by law or to allow conduct specifically prohibited by law. To the extent that the Alabama Ethics Law is amended or the Ethics Commission issues additional guidance that may be in conflict with this policy, employees are expected to comply with applicable law and Ethics Commission advisory opinions.

Any person with a question about the application of the Ethics law to a particular gift should contact the Ethics Commission for clarification.

**Policy 5.24: Teachers' Bill of Rights**

**Status:** ADOPTED

**Original Adopted Date:** 08/05/2024 | **Last Reviewed Date:** 08/05/2024

**5.24.1 Purpose of Policy** The Teachers' Bill of Rights requires teachers to have an approved classroom management plan and affords teachers the right to exclude disruptive students from their classrooms in limited circumstances if they follow that plan. The purpose of this policy is to outline the standards applicable to the development and approval of required classroom management plans; the standards applicable to the removal of a student from the classroom by a teacher; and the appeal process available to a teacher if a student is returned to the classroom by the principal in limited circumstances.

For purposes of this policy, the term principal also includes assistant principal, MAAP, or his or her designee.

**5.24.2 Classroom Management Plans**

- a. **Development of Classroom Management Plan:** To be eligible to use the exclusion procedures in section 5.24.3, a teacher must develop a classroom management plan for his or her classroom that is age and developmentally appropriate for the grade(s) served. The classroom management plan must align with the Student Code of Conduct; local school or school system behavior management policies, plans, and procedures; and any Positive Behavioral Intervention Supports or other behavior management systems adopted by the local school and be consistent with school system requirements for such plans. To comply with these limitations, implementation of an approved classroom management plan may preclude student exclusion for instances of behavior listed in section 5.24.3 below. The Superintendent or designee is authorized to develop model classroom management plans that a teacher may adopt or use for the development of his or her plan.
- b. **Approval of Classroom Management Plans:** Each classroom plan must be approved by the principal before the tenth day of instruction for students during each academic year. Principals are authorized to set a deadline for submission of classroom management plans by teachers that provides them with ample time to review and approve plans and seek revisions.
- c. **Principal Review and Approval:** Principals shall review submitted plans promptly and approve them if they meet the standards outlined above. If the principal does not approve a teacher's initial classroom plan, the teacher must either submit a revised plan within two (2) work days or opt to use a model plan if one is available. If the teacher's revised plan is not approved, the principal is authorized to require the teacher to use a model plan or another approved plan.

**5.24.3 Exclusion of Student from Classroom by Teacher** A teacher may exclude any student from his or her classroom due to their behavior only if:

- a. The student has:
  1. Engaged in disorderly conduct, which is defined as any conduct that intentionally disrupts, disturbs, or interferes with the teaching of students or disturbs the peace, order, or discipline at any school;
  2. Behaved in a manner that obstructs the teaching or learning process of others in the classroom;
  3. Threatened, abused, intimidated, or attempted to intimidate an education employee or another student;
  4. Willfully disobeyed an education employee;
  5. Uses abusive or profane language directed at an education employee;
- b. The referring teacher followed his or her approved classroom management plan before excluding the student from the classroom; and
- c. The referring teacher completes any required referral form and submits it to the principal or his or her designee when the student is excluded and referred to school administration.

**5.24.4 Principal Review and Decision** The Superintendent shall develop guidance and procedures for principals to handle instances of student exclusion pursuant to this policy and consistent with Alabama law.

**5.24.5 Appeal** An appeal may be filed by a teacher if (a) a principal refuses to allow a student to be excluded from the

classroom under this policy, or (b) a teacher believes the school principal has prematurely ended the exclusion of a student from the classroom under this policy. The appeal process available under this policy may not be invoked to challenge or seek review or reconsideration of disciplinary or placement decisions if:

- The decision to not exclude a student from the classroom or to return a student to the classroom results from a decision reached at the end of a school disciplinary hearing required by the Code of Conduct or state or federal law; or
  - A 504 or IEP team or another legally authorized person or entity determines that a student with a disability has the right to remain in or return to the classroom under the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990; or
  - The student is otherwise legally entitled to remain in or return to the classroom.
- a. Filing of Appeal: The teacher must complete and submit the approved appeal form to the Superintendent within two (2) school days of the principal's refusal to exclude the student from the classroom or the return of the student to the teacher's classroom. The appeal form must be completed in full and signed by the complainant.
- b. Status of Student During Appeal: During the pendency of any appeal, the decision of the principal regarding the placement of the student, if any, will remain in effect.
- c. Administrative Review: Upon receipt of a timely appeal, the Superintendent or designee will review the appeal to determine whether informal resolution of the complaint should be attempted. If so, the formal reconsideration process may be suspended for that purpose for up to three (3) work days.

If an informal resolution is not appropriate or is not reached, the formal complaint will move forward, and the Superintendent or designee shall start an investigation of the appeal. The investigation may include interviews of the teacher, the principal, and/or witnesses; obtaining or reviewing written statements, classroom management plans, or other pertinent documents; holding administrative conferences, and any other lawful action deemed necessary to reach a just disposition of the appeal at the discretion of the investigator.

Upon completion of the investigation, the Superintendent or designee shall prepare a written recommendation regarding the issues raised in the appeal. If the recommendation is made by the Superintendent's designee, the Superintendent may adopt, reject, or modify the recommendation based on his or her review of the evidence. If the recommendation includes disciplinary action that entitles a student to a disciplinary hearing and/or manifestation determination and it has not been held, the disciplinary action will be treated as a recommendation subject to the outcome of the hearing or manifestation determination process.

The written recommendation of the Superintendent should be made and mailed or transmitted to the teacher within five (5) work days of the date on which the appeal is filed, unless reasonable more time is needed based on the particular circumstances of the appeal, as determined by the Superintendent. Should the Superintendent need additional time to issue a written decision, the teacher shall be notified of same in writing and advised of when the decision will be issued.

- d. Appeal to Board of Education A teacher dissatisfied with the decision of the Superintendent or designee may appeal the decision to the Board of Education by filing a written notice of appeal with the Superintendent within two (2) work days of receipt of the Superintendent's written decision. The Superintendent shall transmit to Board Members for their review a copy of the written appeal, the decision, and all statements, recommendations, documents, recordings, transcripts, or other written or tangible evidence filed, submitted, or considered at any stage of the administrative review process.

Following receipt of the notice of appeal from the Superintendent, the Board shall place the appeal on the next Board agenda. After consideration of the appeal and the administrative record, the Board may, by majority vote:

1. Affirm the decision of the Superintendent;
2. Reverse or modify the Superintendent's decision; or
3. Defer final action until a Board hearing is held on the appeal.

- e. **Hearing Process:** If a hearing is requested by a majority of the Board, the hearing should be set within fourteen (14) calendar days, unless more time is needed based on the particular circumstances or the timing of the appeal as determined by the Superintendent. Written notice of the hearing date shall be given to the person who filed the appeal. The hearing shall be closed to the public.

The appropriate hearing procedures shall be determined by the Board. A final Board decision on the appeal shall be issued within seven (7) calendar days after the hearing ends. The Board shall give written notice of its final decision to the teacher who filed the appeal.

- f. **Board's Decision.** The Board's decision will be final, and the Superintendent will take steps to implement the decision, provided, however, that if the Board votes for disciplinary action that entitles a student to a disciplinary hearing and/or manifestation determination and it has not been held, the disciplinary action will be treated as a recommendation subject to the outcome of the hearing or manifestation determination process.

- d. The student is eligible for admission pursuant to a current agreement or Memorandum of Understanding (MOU) between the Board and Headquarters, U.S. Army Garrison at Redstone Arsenal, and selected for admission and attendance pursuant to a lottery procedure developed and implemented by the Superintendent, consistent with the terms of the MOU.

The Superintendent is authorized to use any widely available data to determine the average value of a home located within the City (e.g., Zillow, tax records, etc.). In addition, students may also be required to submit other registration materials as school officials may reasonably require including, but not limited to, a certificate of immunization or an exemption as prescribed by the Department of Public Health and signed by a private physician or appropriate health department official. The Superintendent may accept alternate forms of evidence or modify otherwise applicable requirements as necessary and appropriate to accommodate children in foster care and migrant, immigrant, limited English proficient or homeless students.

- Religious holidays
- Absences approved by the principal (to include out-of-school suspension)

Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed to be unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation.

6.01.5 Truancy – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

The existence or availability of a transfer process does not create or give rise to any right to attend a particular school.

**Policy 6.04: Extracurricular Activities**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

**6.04.1 General** – Students may be offered an opportunity to participate in extracurricular activities and organizations. Extracurricular activities must meet the following criteria:

- a. The organization or activity must be approved by the school principal and must have an assigned faculty supervisor or sponsor;
- b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that is consistent with the purposes of public education, the Board's legal mandate, mission statement, policies, and regulations, and with applicable requirements of state and federal law;
- c. The organization or activity must operate under and subject to general supervision of school officials; and
- d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities of requirements.

Student participation or membership in such organization activities may be governed by the specific policies of the organization and is subject to review and approval by the principal.

**6.04.2 Athletics** – Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and any athletic association of which the Board is a member. Schools may establish terms and conditions for participation in such programs as long as school eligibility criteria are not inconsistent with system-wide eligibility or participation criteria, rules, regulations, or standards established by any athletic association or organization of which the Board is a member, or any rule, principle, or provision of applicable law.

**6.04.3 Extracurricular Activity Participation for Full-Time Students – Academics First** – Effective for all students in Grades 8-12, eligibility for participation in extracurricular activities shall be determined by grades earned during the preceding school year and summer school.

a. Definitions.

1. Extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association ("AHSAA"), and other extracurricular activities are defined as those that are sanctioned by a public school which are not related to a student's academic requirements or success in a course(s).
2. Regular curricular activities are defined as those that are required for satisfactory course completion.

b. Eligibility Requirements for All Extracurricular Activities.

1. Students entering Grades 10-12 must for the last two semesters of attendance and summer school, if applicable, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics with a composite numerical average of 70 for the last two semesters of attendance and summer school, if applicable, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 9-12. Students promoted to the seventh grade for the first time are eligible. (A semester is defined as one-half of a school year as set out in the current Madison City Schools calendar.)
2. Physical education may count as only one (1) unit per year.
3. No more than two (2) Carnegie units may be earned during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
4. A student who is eligible at the start of the academic year remains eligible for the entire academic year. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined in (b) 1. above, may regain their eligibility at the end of the first semester by meeting the requirements for eligibility in the two most recently completed semesters, including summer

school. Eligibility restoration must be determined no later than five (5) school days after the beginning of the succeeding semester. [Note: unit calculations for regaining eligibility at the end of the first semester may not coincide exactly with units for graduation for students in schools on six or seven-period days.]

5. An ineligible student may not become eligible after the fifth school day of each semester. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association for sports and Madison City Schools' policies as they pertain to other extracurricular activities.
6. Each eligible student entering Grades 10- 12 must have a minimum composite numerical average of 70 and a minimum of six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular school work repeated in computing the 70 average.
7. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
8. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class by earning eight (8) core credits over any two-year span, including summer school.

c. Participation Requirements.

1. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the principal. The principal shall be responsible for submitting such requests to the superintendent who shall determine whether to recommend approval of the request to the board.
2. Each request for full participation by all students, regardless of academic standing, in an extra-curricular activity shall be granted if the principal, Superintendent, and the board approve participation in the activity as an extension of a course(s) requirement(s) and it is an event sanctioned by a state/national subject matter association.
3. Notwithstanding anything to the contrary in this policy, activities offered by the school through math, science, band, choral music, and other courses at events such as athletic events (pre-game, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performances at various meetings, etc. are extracurricular, and students academically ineligible under this policy shall not be allowed to participate.
4. Decisions on a student's participation in extracurricular activities should be reached by the Superintendent, or his/her designee consistent with the requirements found in the Individuals with Disabilities Education Act (1997) and its implementing regulations, both federal and state, as well as Section 504 of the Rehabilitation Act of 1973 if the student is identified as eligible under these statutes, rules, and regulations, and such participation is determined to be appropriate.

6.04.4 Eligibility for Participation in AHSAA-Sanctioned Athletics by Nontraditional Students – For purposes of this policy, a non-traditional student (sometimes referred to by the AHSAA as a “homeschool” student) is a student who does not meet the AHSAA's definition of a regular student, but is eligible to participate in interscholastic athletics sanctioned by the AHSAA subject to the following requirements:

- a. The student meets the AHSAA's criteria for participation in interscholastic athletics by nontraditional students, including but not limited to, enrollment in required courses offered by Madison City Schools, compliance with the AHSAA's rules governing academic accountability, and participation in required academic testing. \*
- b. The student meets all applicable residency requirements and provides all required documentation for enrollment in school including, but not limited to, proper documentation of the student's enrollment in a homeschool program recognized by Alabama law.
- c. The student complies with the requirements generally applicable to regular students participating in interscholastic athletics, including, but not limited to, compliance with the Student Code of Conduct and participation in mandatory meetings, workouts, or training. In cases where limited spaces exist in a class in which a non-traditional student seeks to enroll for purposes of establishing athletic eligibility, full-time Madison City School students will be given preference.

A nontraditional student's enrollment in Madison City Schools pursuant to this policy is conditional and may be revoked if the student does not make an athletic team; ceases to actively participate on such team; or is removed from the team for any reason, including, but not limited to, failure to comply with AHSAA requirements or team rules or due to violations of the Student Code of Conduct.

If a nontraditional student enrolled in Madison City Schools pursuant to this policy has their enrollment revoked, withdraws from the system, or ceases regularly attending classes, the school system may request that the student provide updated information regarding where the student is currently enrolled and attending school. If no such update is provided, Madison City Schools will assume that the student is returning to the program the student was attending when the student enrolled in Madison City Schools for purposes of participating in interscholastic athletics sanctioned by the AHSAA.

Nontraditional students are only eligible to participate in interscholastic athletics sanctioned by the AHSAA and nothing herein should be read to confer a right to such students to participate in other extracurricular activities offered by Madison City Schools or to enroll part-time in Madison City Schools for any other purpose.

\* Due to the evolving guidelines from State Agencies, this Policy is subject to change and amendment.

**Policy 6.08: Equal Educational Opportunities**

No student will be unlawfully excluded from participation in, be denied the benefits of, or subjected to discrimination in any program or activity offered or sponsored by the Board on the basis of race, ethnicity, color, disability, creed, national origin, sex, immigrant or migrant status, non-English speaking ability, or homeless status.

---

**Policy 6.09: Title IX**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Reviewed Date:** 09/02/2011

**6.09.1 Policy Objective**

- a. Statement of the Law - Title IX of the Education Amendments Act of 1972 ("Title IX") provides that "[n]o person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance." This includes discrimination affecting both students and employees.
- b. The Board's Expectations - The Board is committed to meeting the standards of Title IX and does not discriminate on any basis, including on the basis of sex, in its educational programs and activities.

The Board expects its students and employees to conduct themselves in a non-discriminatory manner, in accordance with Title IX, whether on campus or at a school-based activity off-campus. Title IX's prohibition against sex-based discrimination includes harassment, unwelcome conduct, sexual assault, dating violence, domestic violence, and stalking. When conduct in violation of Title IX is reported, the District will ensure action is taken to:

- provide supportive services and resources to impacted students and employees;
- conduct a thorough and impartial investigation;
- communicate regularly with those involved in writing throughout the process; and
- promptly provide a written determination following completion of its investigation.

If the District finds a responding party to be responsible for the conduct alleged, in violation of this policy, sanctions up to and including expulsion or termination may be imposed.

**6.09.2 Title IX Staff** - The Board has authorized the Superintendent to designate the following Title IX Staff members:

- a. Title IX Coordinator - The Title IX Coordinator shall oversee implementation and enforcement of this Policy, as well as compliance with applicable procedures, rules, and regulations. Reports, questions, or concerns regarding Title IX and potential instances of prohibited conduct may be directed to the Title IX Coordinator. The Title IX Coordinator shall also receive complaints of prohibited conduct, coordinate investigations, and ensure adequate training.

Contact information for the Title IX Coordinator can be found on the district webpage, at the front office of each school, and will otherwise be made available to students, employees, and community members.

- b. Title IX Investigators - Title IX Investigators will collect and review evidence, including witness statements, and prepare an investigative report. These persons will receive training from the Title IX Coordinator. Only one investigator will be assigned by the Title IX Coordinator for each individual complaint. Title IX Investigators will often be school-based personnel responsible for investigating other instances of student misconduct and will perform the Title IX investigative duties as needed.
- c. Title IX Council - The Title IX Council will be a panel of Board employees who will review investigative reports and make responsibility determinations. These persons will receive training from an outside vendor assigned by the Title IX Coordinator. While the council may consist of several employees, only one council member will be assigned to render a decision in each case.

**6.09.3 Scope of Policy** - Title IX prohibits sex-based discrimination, including sexual harassment, whether against students or employees. Note that misconduct falling outside this policy may nonetheless violate other Board policies (such as the student code of conduct) and thus be otherwise subject to disciplinary action.

- a. Educational Program or Activity - This Policy applies to all prohibited conduct against any person that occurs in the "educational program or activity" of the Board, including all of its schools, regardless of whether that program or activity takes place on or off campus. An "educational program or activity" includes locations, events, or circumstances over which the Board, through its schools and/or employees, exercises substantial control over both the alleged wrongdoer and the context in which the conduct occurred. This may include, for example, an incident that occurs off-campus at a school sponsored event such as a field trip, but must occur in the United States.

- b. Covered Individuals - All students and employees are subject to this Policy, regardless of sex, gender identity, gender expression, or sexual orientation.

**6.09.4 Prohibited Conduct** - A violation of this Policy occurs if a student or employee is found, more likely than not (i.e., by a preponderance of the evidence), to have engaged in any of the types of prohibited conduct defined below. This conduct is prohibited regardless of whether it is directed toward a student, employee, visitor, or other person.

a. Sexual Harassment

1. Any instance of quid pro quo harassment by a school employee. Quid pro quo means "this for that" and, in this context, refers to situations where a school employee offers favorable treatment in exchange for submission to unwanted sexual advances. This includes both explicit and implicit harassment;

Example: Offering an educational opportunity or benefit to a student, like a higher grade, in exchange for a sexual favor. This is sexual harassment regardless of whether the student agrees to the request.

2. Any unwelcome conduct that a reasonable person would find severe, pervasive, and objectively offensive such that it effectively denies equal educational access; or
  3. Any instance of sexual assault, dating violence, domestic violence, or stalking.
- b. Sexual Assault - Any sexual act directed against another person, forcibly and/or against that person's will; or not forcibly or against the person's will where the victim is incapable of giving consent because of his/her temporary or permanent mental or physical incapacity (or because of his/her youth). This offense includes the forcible rape of both males and females. Sexual assault may include, but is not limited to rape, fondling, incest, and statutory rape.
- c. Dating Violence - Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.
- d. Domestic Violence - Violence committed by a current/former spouse of the victim; person with whom the victim shares a child in common; person who is cohabitating with or has cohabitated with the victim as spouse; or person similarly situated to a spouse of the victim.
- e. Stalking - Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others; or suffer substantial emotional distress. Stalking may be conducted directly or indirectly and may include, but is not limited to, the following behaviors:
- Making unwanted phone calls, including hang-ups;
  - Sending unsolicited or unwanted letters, emails, texts, or instant messages;
  - Leaving unwanted items or presents;
  - Following or spying on a person;
  - Showing up or waiting at places where the victim will be without a legitimate reason;
  - Posting information or spreading rumors about the victim on the internet in a public place, or by word of mouth.
- f. Sex-Based Discrimination - Any conduct based on a person's sex, pregnancy, gender identity, or gender expression that adversely affects a term or condition of that person's employment, education, or participation in an educational program/activity.

\*Note that sex-based discrimination includes harassment based on a student or employee's gender or failure to conform to gender stereotypes.

**6.09.5 Reporting Prohibited Conduct** - Any person (students, employees, parents/guardians, or other third parties) may report an instance of prohibited conduct, even if his or her knowledge of the incident is based on indirect information. Initial reports may be made in person, by mail, by telephone, by email, or by another means that results in actual receipt of the information by the Title IX Coordinator. Persons may also report potential prohibited conduct to any employee.

Employees, however, are mandatory reporters and are thus required to promptly report potential instances of prohibited conduct to the Title IX Coordinator. This requirement exists regardless of how the employee becomes

aware of the potential violation or if the person providing the information to the employee requests confidentiality. Where a person requests confidentiality, the employee should inform them of the employee's obligation to provide all known information to the Title IX Coordinator. Note that the mandatory reporting designation does not supersede an employee's legal obligation to maintain confidentiality – such as a health care provider's obligation to keep medical information private.

While prompt reporting is encouraged, there is no time limit on reporting or filing complaints of violations of this Policy.

**6.09.6 Grievance Procedure** - The Superintendent is authorized to implement a grievance procedure that complies with the rules adopted by the United States Department of Education, and to amend those procedures when the Department of Education updates or amends its rules. Those procedures should cover the following: complaint; investigation; decision; and appeal.

**6.09.7 "Rape Shield" Protections**

- a. Complainants are not required to divulge any medical, psychological, or similar privileged records.
- b. Prior sexual history of a party is generally irrelevant. An individual's character or reputation with respect to prior sexual activity is not relevant and cannot be considered as evidence except in limited circumstances. These circumstances include where such history is necessary to explain the presence of a physical injury, or where prior sexual history between the parties may help explain the context of the parties' relationship and has a bearing on whether consent was sought and given in the particular incident at issue.
- c. Evidence of any pattern of conduct by the respondent may be relevant, whether before or after the incident at issue, to prove a material fact. It may also have a bearing on assigning appropriate discipline.

**6.09.8 Criminal or Civil Investigations** - The policies and procedures outlined in this policy do not supersede applicable state or federal law. The grievance procedure outlined in the policy may be instituted for a violation of law that also violates this policy so long as both violations result from the same factual situation. Proceedings under this policy may be carried out prior to, simultaneously with, or following civil or criminal proceedings.

**6.09.9 Retaliation** - The Board prohibits retaliation by its employees, students, or agents against any person who exercises their rights pursuant to this Policy or Title IX.

Retaliation is any act that has the effect of punishing a person for engaging in a protected activity, such as reporting prohibited conduct, filing a complaint under the Policy, and assisting or participating in any investigation. Examples of retaliatory acts include, but are not limited to, adverse employment actions or preventing a student from participating in a school-based activity. Retaliation may also include coercion, intimidation, or other harassment that would discourage a reasonable student, employee, or other person from filing a complaint regarding prohibited conduct or otherwise participating in an investigation under this Policy.

**6.09.10 Withdrawal of a Complaint** - A complainant may, at any time in the process, request to withdraw a complaint. The Title IX Coordinator will make the decision regarding whether to permit such withdrawal, but will strongly consider the complainant's wishes.

**Policy 6.10: Student Sexual Harassment**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 10/12/2021 | **Last Reviewed Date:** 10/12/2021

**6.10.1 Sexual Harassment Prohibited** – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

**6.10.2 Definition** – Title IX regulations define sexual harassment to include one or more of the following:

- a. An employee conditioning the provision of an aid, benefit, or service of the school/school district on an individual's participation in unwelcome sexual conduct (i.e., quid pro quo sexual harassment);
- b. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school/ school district's education program or activity; or
- c. Sexual assault, dating violence, domestic violence, or stalking, as each of those terms is defined by federal statutes enumerated in the Title IX regulations, 34 C.F.R. § 106.30(a).

The following are examples of conduct that may constitute sexual harassment, depending on the circumstances:

- a. Verbal harassment or abuse of a sexual nature, including graphic comments, the display of sexually suggestive objects or pictures, and sexual propositions;
- b. Repeated unwelcome solicitations of sexual activity or sexual contact;
- c. Unwelcome, inappropriate sexual touchings;
- d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student's educational status.

**6.10.3 Sexual Harassment Complaint Procedures Authorized** – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures in compliance with Title IX that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The process and procedures will be drafted so as to provide supportive measures, facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to comply with federal regulations, and be understandable and accessible to all student population groups and ages.

**6.10.4 Initial Confrontation of Accused Harasser Not Required** – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Title IX Coordinator or to take such action as may be required by the procedures established under "Sexual Harassment Complaint Procedures Authorized" (6.10.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decision-making responsibility in connection with the processing of the complaint.

**6.10.5 Notice of Policy to be Promulgated** – The Superintendent will promulgate and disseminate this policy and the complaint procedures to applicants for admission and employment, the schools, parents and legal guardians, unions and professional organizations, and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.

- a. Political affiliations or beliefs of the student or student's parent(s);

- a. Any survey that is designated to obtain protected information from a student, regardless of the source of funding;
- b. Any non-emergency, invasive physical exam or screening that is required as a condition of attendance, that is administered by the school or its agent, and that is not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law; and
- c. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or for the purpose of selling or otherwise distributing the information to others.

The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

**6.11.6 Voluntary Religious Expression** - Subject to the requirements and prohibitions of Amendments 1 and 14 to the United States Constitution, it is the policy of this Board that:

Students shall be allowed to express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of those submissions.   5. Information for Parents/Legal Guardians – If a student's parent or legal guardian elects to opt-in to mental health services, the counselor providing services shall keep the parent fully informed regarding any diagnosis and any recommendations for additional counseling or treatments beyond the services for which the parent or legal guardian has already opted in. **Policy 6.16: Physical Restraint and Seclusion**

**Status:** ADOPTED

**Original Adopted Date:** 09/02/2011 | **Last Revised Date:** 07/17/2012 | **Last Reviewed Date:** 07/17/2012

**A. Policy Purpose**

1. Madison City Schools acknowledges that maintaining a school environment conducive to learning requires that the environment be orderly and safe. Accordingly, the system recognizes that physical restraint of a student may sometimes be necessary in order to protect the student or other individuals.
2. The purpose of this policy is to provide for the appropriate use of physical restraint only when needed to protect a student and/or member of the school community from imminent, serious physical harm, to prevent or minimize any harm to a student as a result of the use of physical restraint, and to prohibit other inappropriate forms of restraint.
3. It is the intent of this policy to emphasize and encourage the use of techniques for the prevention and de-escalation of inappropriate behavior, in order to reduce the risk of injury to students and program staff, as well as facilitate the care, safety, and welfare of students.

**B. Definitions**

1. Physical restraint is direct physical contact from an adult that prevents or significantly restricts a student's movement. The term physical restraint does not include mechanical restraint or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to a student in order to promote safety or to prevent self-injurious behavior; providing physical guidance or prompting to a student when teaching a skill; redirecting attention; providing guidance to a location; providing comfort; or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person's property.
2. Chemical restraint is any medication that is used to control violent physical behavior or to restrict the student's freedom of movement that is not a prescribed treatment for a medical or psychiatric condition of the student.
3. Mechanical restraint is the use of any device or material attached to or adjacent to a student's body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seatbelts and other safety equipment when used to secure students during transportation.
4. Seclusion is a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. Seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined herein; in-school suspension; detention; or a student-requested break in a different location in the room or in a separate room.
5. Time-out is a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used and is not deemed to be seclusion when:
  - a. The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.
  - b. The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.
  - c. The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and has sight of the student while in time-out.
  - d. The time-out space is free of objects that unreasonably expose the student or others to harm.

### C. Prohibitions

1. The use of physical restraint is prohibited in the school system and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to reasonably implemented and less intensive behavioral interventions, such as verbal directives and other de-escalation techniques. Physical restraint as a form of discipline or punishment is prohibited.
2. All physical restraint must be immediately terminated when the student is deemed to no longer be an immediate danger to himself or others or if the student is observed to be in severe distress during the restraint. Any method of physical restraint in which physical pressure is applied to the student's body in such a manner as to restrict the flow of air into the student's lungs is prohibited in the school system and its educational programs.
3. The use of chemical restraint is prohibited in the school system and its educational programs.
4. The use of mechanical restraint is prohibited in the school system and its educational programs.
5. The use of seclusion is prohibited in the school system and its educational programs.

### D. Requirements

1. Each designated staff person who engages or participates in any incident of any permitted or prohibited restraint or seclusion of a student has a duty to promptly report the incident to the local school principal.
2. Each local school's principal or his/her designee and each educational program that utilize restraint under this policy should provide staff with guidelines and procedural information regarding physical restraint and arrange for the appropriate training of those designated staff members that may be called upon to restrain a student. This training of designated staff members should be provided as a part of a program which addresses prevention and de-escalation techniques as well as positive behavioral intervention strategies. The training of designated staff members will be based on evidence-based techniques and strategies when possible. Designated staff members will be trained regarding their responsibility to promptly report each incident of physical restraint, whether initiated, continued or discontinued in compliance with this policy or not, and each incident of prohibited chemical and/or mechanical restraint or seclusion. Each local school's principal or his/her designee or program coordinator shall be responsible for providing periodic reviews.
3. Each local school's principal or his/her designee and each educational program that utilize restraint is expected to maintain written or electronic documentation on training provided at the local school regarding permissible physical restraint as well as prohibited physical, chemical or mechanical restraint or seclusion. The principal or designee should also maintain the list of participants in each training session. Records of such training will be made available to the Alabama Department of Education or any member of the public upon request.
4. Each local school's principal or his/her designee and each educational program that utilize restraint is responsible for generating and maintaining incident and debriefing reports of the use of restraint or seclusion at the local school and for submitting monthly summary reports regarding such incidents to the school system's Board of Education and to the Alabama Department of Education annually. Each local school principal or his/her designee or program's coordinator is expected to monitor the use of physical restraint on an on-going basis to ensure fidelity of implementation. Follow-up training will be provided following any situation in which policies and procedures are not followed.
5. Each local school's principal or his/her designee and each educational program that utilize restraint shall endeavor to provide a debriefing session following each incident of permissible restraint, prohibited restraint and/or seclusion of a student. All school personnel involved in the incident and appropriate administrative staff will be expected to participate in a debriefing session for the purpose of planning to prevent or reduce the reoccurrence of the use of restraint. A student's parent or legal guardian will be provided notification of this debriefing session and afforded the opportunity to attend or to request that the debriefing session be rescheduled. The debriefing session shall occur no later than five school days following the imposition of physical restraint or seclusion, unless the debriefing session is delayed, at the

request of a student's parent or legal guardian, so that the parent or legal guardian may attend.

6. Each local school's principal or his/her designee and each educational program that utilize restraint will provide written notification to a student's parent or legal guardian when physical restraint is used on a student within a reasonable time following the restraint not to exceed one school day from the use of restraint.
7. Each local school's principal or his/her designee and each educational program will provide written notification to a student's parent or legal guardian when their child is restrained and/or removed from his/her school or program setting by emergency, medical, or law enforcement personnel within a reasonable time following the removal not to exceed one school day from the time of removal.
8. Each student's parent or legal guardian will be provided information regarding the school or program's policies governing the use of physical restraint. This information will be provided to parents at the beginning of each school year or upon the student's enrollment if the student enrolls after school has started. To effectuate this requirement, the school system's website and student handbook/code of conduct will contain the following statement:

As a part of the policies and procedures of the school system, the use of physical restraint is prohibited in the system and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to reasonably implemented and less intensive behavioral interventions such as verbal directives and other de-escalation techniques. Physical restraint is prohibited when used as a form of discipline or punishment. The use of other physical restraint, chemical restraint, mechanical restraint, or seclusion is prohibited in the school system and its educational programs.

The use of restraint may occur along with other emergency actions such as the school seeking assistance from law enforcement and/or emergency medical personnel which could result in a removal of the student by such personnel.

Significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after the restraint or removal of a student (and no longer than one school day following the occurrence), written notice will be provided to the parent or legal guardian.

- e. "Victim" refers to the victim, if known by and attending the same school as the Student, of the offense for which the Student was adjudicated delinquent.

**6.25.2 Notification**

- d. *School Staff Changes* - In the event the principal or a member of the Supervision Team leaves his position or is no longer responsible for supervising the Student, a replacement team member should be named, if necessary and appropriate, and briefed by the principal or the most senior member of the Supervision Team regarding the Student's status and Plan. **6.25.7 Challenges to the Plan** - In the event the Student and/or his parent or guardian object to conditions of the Plan or the application of a sanction, a challenge must be submitted in writing to the Superintendent or his designee to consider whether adjustment of the Plan or response modification is warranted. The Superintendent's decision shall be final. A response that constitutes disciplinary action will adhere to the applicable School disciplinary policies and procedures and the Student will be afforded process due thereunder.

**6.25.8 Confidentiality** - Information received by school officials or staff related to the Student's delinquent status must be treated as confidential from other students, staff members, officials and stakeholders. Any document identifying the Student's status should be safeguarded from unintentional disclosure by the members of the Supervision Team.
