

DMS Covid-19 Fall Athletic Procedures

Transportation

- All athletes will go through Covid-19 screening before getting on a bus to travel.
- Athletes that do not pass the screening will not be allowed to travel. We also ask that visiting schools go through the same procedure when coming to play at DMS.
- Masks will be worn by all parties on the bus.
- Windows and roof hatches will remain open on buses to allow better circulation if the weather permits.
- A seating chart for each bus will be established and social distance guidelines will be met during the time of travel.
- Buses should be sanitized before arriving to pick up athletes, after athletes go to play the game, and after dropping them back off on campus.
- If athletes do not feel comfortable riding the bus, they have the option to travel to the game with **their** parent/guardian. However, a Covid-19 screening will take place before an athlete is allowed to participate in the competition. The athlete must also provide the coach with a signed waiver in advance. This shows the athlete has permission to travel separately and allows our staff to know how many buses are needed for the game. **No carpooling is allowed.** If a student needs to carpool, they must ride the bus.

DMS Football Stadium

- Capacity has been set for 1,000 ticket sales. This number is based on 6 ft. guidelines. Caution tape will be used on bleachers to represent seating that is off limits.
- Opposing teams will be required to arrive to competition dressed and ready for play, as locker rooms will not be available.
- Restrooms will be open and available but 6 ft. distancing will be maintained along with signage to encourage hand washing.
- Spectators must wear a mask or facial covering when entering and exiting the venue and when unable to maintain 6 ft. distance with a person from another household.
- Signage will be posted throughout the stadium that encourages proper social distancing guidelines.
- Only essential team staff members will be allowed on the sideline during competition.
- Everyone will enter through the double gates on the west side of the stadium leading to the parking lot. Everyone will exit at the single gate at the south side of the stadium by the gymnasium. Hand sanitizer will be available at both of these locations.
- Opposing teams will be responsible for providing and developing their own hydration system.

DMS Gymnasium

- All indoor venues are set at 50% capacity which sets the ticket sale limit at 184. Caution tape will be used on bleacher to represent seating that is off limits.
- Opposing teams will be required to arrive to the competition dressed and ready for play, as locker rooms will not be available.

- Restrooms will be open and available but 6 ft distancing will be maintained along with signage to encourage hand washing.
- Masks are required for everyone inside the venue except the athletes that are competing during the competition.
- Signage will be posted throughout the gymnasium that encourages proper social distancing guidelines.
- Only essential team staff members will be allowed on the sideline during competition.
- Everyone will enter through the double doors of the gymnasium on the northeast section of the building. Everyone will exit at the double doors at the southeast section of the gymnasium. Hand sanitizer will be available at both of these locations.
- Opposing teams will be responsible for providing and developing their own hydration system.

Ticketing

- Tickets will be available to purchase at the game and 6 ft distance markers will be in place to space out the ticketing process. Tickets will be \$5 for adults and \$3 for students.

Concessions

- All concession workers will go through a Covid-19 screening before being allowed into the concession stand.
- All concession workers will wear masks and gloves as well as maintain 6ft distancing within the concession space.
- 6 ft distancing markers will be put in place to space out the concession purchasers, and there will be 6 ft between cashier windows.
